THIS IS AN EXTERNAL EMAIL

To whom it may concern,

I am a resident within the Barts Square development, EC1A 7BB.

I would like to raise an objection to the application put in by Chicago Booth with a premises address of One Bartholomew Close, Bart's Square EC1A 7BL.

The ward is Farringdon I believe.

The reason of the objection is that permitting the sale of alcohol past 11pm would significantly increase the social activity around the development and the corresponding noise levels.

Sound gets trapped between the buildings and amplifies very quickly. Multiple routes from the university lead through the Barts Square development to nearby tube stations (Barbican, Farringdon, Elizabeth Line). Having people coming from Chicago Booth either passing through Middlesex Passage or walk along Bartholomew Close notoriously traps noise and echos due to the width and height of buildings and would significantly impact residents in Vicary House (which overlooks Chicago Booth), Hogarth house, Abernethy House and Dominion House.

The combination of these buildings would affect a high number of the residents in the area.

This already is seen at Stem and Glory and the noise of people leaving the restaurant - however that is at a much more acceptable time of 11pm.

Please consider only permitting the sale of alcohol until a much more reasonable time seeing as it is surrounded by many apartments, some of which have young children and would appreciate being woken at 3am in the morning .

Kind regards,

Regards,

Hilary Scott
