Dear City of London

Thank you for registering and taking the time to read my objection to this application: <https://www.cityoflondon.gov.uk/services/licensing/alcohol-and-entertainment/current-licensing-applications/chicago-booth>. I object on grounds of nuisance to neighbours. The premises of the proposed licence for selling alcohol and hosting events until 3am is directly adjacent to a hospital and a residential area. People drinking alcohol and playing music until 3am is completely unacceptable on noise disturbance alone. People leaving the venue will cause further disturbance to residents as they leave. The lease of our building for example, allows no noise after 11pm.

It is very pertinent to see such an application so soon after a November 1st residents meeting with the Lord Mayor and councilors (three of whom in copy), at which several residents voiced how the need to ensure that there an overarching strategy for City areas. Such that residential zones are maintained as such, and do not become a mixed of quiet residential and noisy night time venues.

Kind regards,

Natasha Curran
