Subject: application by the university of Chicago Booth School of Business
Date: 05 December 2022 17:32:30

THIS IS AN EXTERNAL EMAIL

I am objecting to the proposed application by the above to the CoL for a licence for entertainment and licensing for alcohol by the Chicago Booth School of Business until 3.00 am.

As you know if you've been to the site, the area is residential, and the impact on the surrounding flats would be pretty catastrophic.

It is simply the wrong place to put a late-night establishment.

We live in the development and although on the other side of the development from one Bartholomew Close, are still in Bartholomew close, and very sympathetic to others who are nearer and likely to be more adversely impacted by noise and disturbance to residents, to say nothing of the 'spill-over' to our own apartment block.

I hope you will re-consider the application on the grounds of its being in a residential area.
yours

Richenda Carey
