THIS IS AN EXTERNAL EMAIL

I wish to object to the proposal on the grounds of public nuisance which will be constant across the week and therefore to prevent public nuisance I urge this application to be rejected.

I live in an apartment in Vicary House, Barts Square which fronts on to the entrance to the University of Chicago Business School. This is a residential area with over 230 flats in a relatively new development plus other residences in the area. My flat will overlook the entrance to the licensed premises and the noise will travel. The City of London contains a number of well-known venues having late-night licences, so approving this application in one of the city's few residential neighbourhoods seems like an indulgence that would be catastrophic for the neighbourhood and cause a public nuisance.

I urge you to reject the application.

Regards,
Tara Philip
