Subject: Chicago Business School - alcohol license

Dear Sirs/Madam:

I am writing to object strenuously to granting the proposed alcohol license to the Chicago Business School. My grounds are as follows:

1. Noise - The requested operating hours until 3 am (in the midst of a residential development which surrounds the proposed site) would cause undue hardship for all residents as noise echoes around the courtyard and walkways. This includes noise from any music, as well as that made by those arriving and leaving to the various transit options through our residential area. It is reasonable to expect residents to have a relatively quiet environment after 7 pm.
2. Cleanliness - I am concerned if alcohol were served late into the night there would be an increase of people being sick in the courtyard and on our neighbourhood streets. I see evidence of this daily on our sidewalks already, and am very concerned it would worsen if this license is approved.
3. Safety - I am a dog owner and am often walking the dog alone after dark - quite late at times. If the proposed license were approved I would be concerned my safety at night would be negatively impacted due to inebriated patrons leaving the Chicago business school bar.

Thank you for considering these objections.

Best regards,
Sherrie Shoptaugh
