Green	1	<u>Recommendation</u> Immediately, police and prosecutors should review and significantly improve communications with victims from the point of charge onwards.	May-22	No dates set by HMICFRS	Nov 2022: The VVA (who performs the ISVA role) will maintain contact with the victim throughout the report to court process. As the VVA is co-located within PPU, this allows the OIC to ensure clear communication and strategy in relation to comms with the victim. Additionally, as per the victims code, the victim is updated at least every 28 days, and this continues post charge. With rape cases, this is usually done by a Sexual Offences Investigative Trained Officer (SOIT) (unless for a specific investigative reason one was not assigned, and the OIC will do this). Green – pending HMICFRS sign off	2	<p>Cause of concern (#16586) We are concerned that flagging hate crime incorrectly has serious implications for forces in terms of their ability to understand hate crime and how it affects victims and their communities, and then respond appropriately. Green – pending HMICFRS sign off	6	<p>Cause of concern (#16582) We found that forces do not consistently use the Home Office cyber-enabled flag.
