On behalf of the City of London Police we would make a representation against the application as made and amended, this is based on licensing objective of the prevention of crime & disorder. In spite of lengthy negotiations over an extended period as well as pre-application discussions we have not received agreement on our request for the following condition relating to Promoted Events not being held at the venue

Promoted events will not be held at the premises. A promoted event is an event involving music and dancing where the musical entertainment is provided at any time by a disc jockey or disc jockeys one or some of whom are not employees of the licensee (premises licence holder) and the event is (independent of the licensee) promoted to the general public.

In addition we requested the following condition which we understand has been agreed but we did seek final confirmation which we believe was confirmed, however we do seek to ensure that this is included in the premises licence when issued.

- 1. The premises shall install and maintain a comprehensive digital colour CCTV system. All public areas of the licensed premises, including all public entry and exit points will be covered enabling facial identification of every person entering in any light condition. The CCTV cameras shall continually record whilst the premises are open to the public and recordings shall be kept available for a minimum of 31 days with date and time stamping. A staff member who is conversant with the operation of the CCTV system shall be present on the premises at all times when they are open to the public. This staff member shall be able to show the police or the Licensing Authority recordings of the preceding two days immediately when requested.*
