Good afternoon,

The Pollution Team wish to make a representation to OBJECT to the attached new premises application, on the grounds that we are not satisfied that the information supplied is sufficient to prevent public nuisance due to noise breakout from the premises. In particular noise from the terrace impacting upon residential, commercial and church buildings, from music or patrons.

The noise report has not properly considered the impact on commercial, residential and church buildings. There is insufficient detail of the building structure to properly assess the noise attenuation. There is insufficient detail of the building structure to properly assess the noise attenuation. The noise survey is inadequate to assess the appropriateness of the noise levels specified as the likely impacts.

The Pollution Team wish to make a representation to OBJECT to the attached new premises application, on the grounds that this application will breach the public nuisance licensing objective.

Kind Regards
Siobhan

Siobhan Crossby | Environmental Health Officer – Pollution Team
