

# Hampstead Heath Risk Register

Report Author: Joanne Hill

Generated on: 24 January 2023

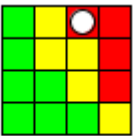

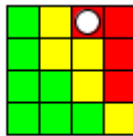

Rows are sorted by Risk Score

Risk no, Title, Creation date, Owner	Risk Description (Cause, Event, Impact)	Current Risk Rating & Score		Risk Update and date of update	Target Risk Rating & Score		Target Date/Risk Approach	Flight path
<b>ENV-NE-HH 003 Outbreak of Fire in Woodland / Heathland</b>  10-Aug-2015 Declan Gallagher; Jonathan Meares	<b>Cause:</b> Extreme hot weather and a lack of rain leads to dry grass and woodland. Visitors improperly using site for barbeques, disposing of cigarettes, campfires. <b>Event:</b> Large-scale fire / increased frequency of fires. <b>Effect:</b> Possible loss of life; serious injury to staff, visitors, contractors and volunteers; damage to site; ecological damage caused to environment; service capability is disrupted; increased demand for staff resource to respond to incidents and maintain safety of site and visitors; loss of species; temporary site closure and associated access; increased costs for reactive management; damage/loss of fragile/rare habitats and species.	 Likelihood	16	Due to climate change, hotter, drier summers and increased visitor numbers, the frequency and severity of fires is forecast to increase. Therefore, the current risk score has been increased from Amber 8 (likely / serious) to Red 16 (likely / major).  The risk decreases in the winter, but evidence of fires during those months continues to be found by Rangers.  A range of preventative and mitigating actions are being undertaken, with the aim of reducing the risk to the target of Amber 6 (possible / serious).  <b>24 Jan 2023</b>	 Likelihood	6	31-Mar-2024           Reduce	

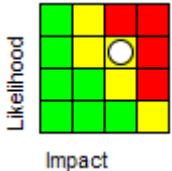

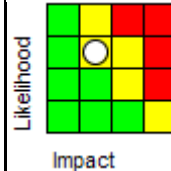

## Appendix 2

Action no, Title,	Action description	Latest Note	Action owner	Latest Note Date	Due Date
ENV-NE-HH 003a Improve Fire Awareness	Staff are made aware of extreme weather events and 'Trigger Events.' Managers and Supervisors receive weather warnings and this information is shared with staff.	This is an ongoing action. Fire safety audits are reviewed annually and will be reviewed again before summer 2023.	Declan Gallagher ; Jonathan Meares	12-Jan-2023	31-Mar-2024
ENV-NE-HH 003b Emergency Action Plan	Review Emergency Action Plan. Review carried out annually or following incident if appropriate.	The Emergency Action Plan continues to be reviewed and updated annually, and/or after an emergency event.  The Trigger Event Policy complements this plan.  Signage is displayed at key locations reminding visitors not to light fires or barbeques. Social media messaging has also been used to deliver this message.	Declan Gallagher ; Jonathan Meares	12-Jan-2023	31-Mar-2024

Risk no, Title, Creation date, Owner	Risk Description (Cause, Event, Impact)	Current Risk Rating & Score		Risk Update and date of update	Target Risk Rating & Score		Target Date/Risk Approach	Flight path
<b>ENV-NE-HH 007</b> <b>Maintenance of buildings and equipment</b>  10-Aug-2015 Declan Gallagher; Stefania Horne	<b>Cause:</b> Inadequate proactive and reactive maintenance; failure to identify and communicate maintenance issues. <b>Event:</b> Operational or public building become unusable. <b>Effect:</b> Service capability disrupted; ineffective use of staff resources; damage to corporate reputation; increased costs for reactive maintenance. Delay will have operational impact. Overrun of additional work programme.	Likelihood  Impact	16	<p>Current risk score remains at 16 (likely and major).</p> <p>The current model of managing works is burdensome and ineffective. We are reliant upon City Surveyor's Department to allocate funds for works to be carried out.</p> <p>We are currently unable to reduce this risk due to decreased CWP budget; only H&amp;S-related projects will be completed in 2022/23. As we are not anticipating any budget increase in this area, we have to accept the risk until such time as the situation changes.</p> <p>The corporate Facilities Management contract is due to be renewed/replaced in March 2023: we will monitor the situation during and after that time and reassess the risk accordingly.</p> <p><b>12 Jan 2023</b></p>	Likelihood  Impact	16	Accept	

Action no, Title,	Action description	Latest Note	Action owner	Latest Note Date	Due Date
ENV-NE-HH 007a Review of Property Assets	Review assets in conjunction with City Surveyor's Department. Review of assets is an ongoing process.	Review is cyclical and ongoing. This is coordinated between the City Surveyor's department and local teams. City Surveyor's Department owns, and makes decisions on, the budget.  The Corporate Facilities Management contract is due to be renewed/replaced in March 2023. We will keep the situation under review to monitor any changes and reassess this risk accordingly.	Declan Gallagher ; Stefania Horne	12-Jan-2023	30-Jun-2023
ENV-NE-HH	Hold regular Client Liaison meetings with	This is an ongoing action.	Declan	12-Jan-2023	31-Mar-2024

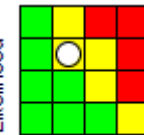

007b Liaison with Surveyor's Dept.	City Surveyor's Department to discuss issues and raise concerns about Building Repairs and Maintenance and Projects. Regular review process.	Client Liaison meetings are taking place at least quarterly.  APFM (Assistant Property Facilities Manager) is in regular contact with internal Divisional stakeholders but there have been delays in liaison between the client and City Surveyor's.	Gallagher ; Stefania Horne

Action no, Title,	Action description	Latest Note	Action owner	Latest Note Date	Due Date
ENV-NE-HH 004a Review Met Office information	Alerts issued to staff via Met Office. Review processes 6 monthly or following an extreme weather event.	<p>Trigger Event Policy is embedded into our Business as Usual and ways of working.</p> <p>Met Office Data is reviewed weekly and responded to accordingly by the Duty Manager and Duty Supervisor.</p> <p>Ongoing weekly management through RAID Log process to monitor and manage extreme weather events and to support weekly resource planning process.</p>	Declan Gallagher ; Jonathan Meares	12-Jan-2023	31-Mar-2024
ENV-NE-HH	Site plans reviewed annually or following	Emergency Action Plan is in place. It is reviewed annually and/or after an emergency incident.	Declan	12-Jan-2023	31-Mar-2024

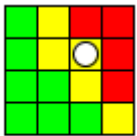

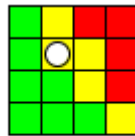

## Appendix 2

004b Review of site emergency plans	incident if appropriate. Reviews usually conducted in September and agreed later in the year.		Gallagher ; Jonathan Meares		
ENV-NE-HH 004c Extreme Weather Protocol	Ensure compliance with the Extreme Weather Protocol and keep the protocol under regular review.	In accordance with the Extreme Weather Protocol, sites are closed during extreme weather events, such as high winds, lightening/storms or flooding.  The Protocol is kept under regular review and updated as necessary.	Declan Gallagher ; Jonathan Meares	12-Jan-2023	31-Mar-2024

Risk no, Title, Creation date, Owner	Risk Description (Cause, Event, Impact)	Current Risk Rating & Score		Risk Update and date of update	Target Risk Rating & Score		Target Date/Risk Approach	Flight path
<b>ENV-NE-HH 011</b> <b>Recruitment and retention of staff</b>  25-Jun-2022 Stefania Horne	<b>Cause:</b> Lack of appropriately skilled and capable staff retained to deliver ongoing management and maintenance of the spaces. <b>Event:</b> Division is unable to maintain the spaces to an acceptable standard. <b>Effect:</b> Environment Department sees an increase in untrained, unqualified staff. Decrease in competent and skilled staff to deliver the management and maintenance of the spaces. Increased number of complaints regarding the quality of the space. Reputational damage.	 Likelihood Impact	<b>12</b>	The current risk score has been increased to Amber 12 (possible/major) due to ongoing vacancies and difficulties in recruitment. We aim to reduce the risk to the target level once the new TOM structure has been implemented and vacancies are recruited to.  In the meantime, vacancies where recruitment is essential are being supported with a business case for Fixed Term Contracts. Apprentices are being recruited across the sub-division.  <b>12 Jan 2023</b>	 Likelihood Impact	<b>6</b>	31-Dec-2023	
							Reduce	

Action no, Title,	Action description	Latest Note			Action owner	Latest Note Date	Due Date
ENV-NE-HH 011a Target Operating Model	Delivery of the Target Operating Model (TOM).	Staff consultation on TOM Phase 2 proposals is taking place in early 2023.  Until the new TOM is confirmed, the Interim Director approves three-month Fixed Term Contracts and, where necessary, longer FTCs are considered if supported with a business case.			Stefania Horne	12-Jan-2023	31-Dec-2023

## Appendix 2

Risk no, Title, Creation date, Owner	Risk Description (Cause, Event, Impact)	Current Risk Rating & Score		Risk Update and date of update	Target Risk Rating & Score		Target Date/Risk Approach	Flight path
<b>ENV-NE-HH 012 Delivery of Capital Projects</b> 25-Jun-2022 Stefania Horne	<b>Cause:</b> Lack of Capital Expenditure to support the delivery of essential projects and programmes. <b>Event:</b> Inability to deliver Capital projects and programmes due to insufficient funding and lack of budget via Local Risk. <b>Effect:</b> Reputational damage due to the inability of the Division to provide Capital Expenditure for the delivery of projects and programmes.	 Likelihood	<b>12</b>  Impact	The City Corporation is facing significant financial pressures. It is now essential to review capital projects and reassess priorities - this is being carried out.  <b>12 Jan 2023</b>	 Likelihood	<b>6</b>  Impact	31-Dec-2023	
							Reduce	

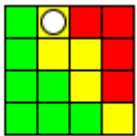

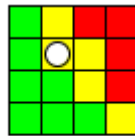

Action no, Title,	Action description	Latest Note			Action owner	Latest Note Date	Due Date
ENV-NE-HH 012a Liaise with other departments	Liaise with internal departments to secure funding for capital projects.	Officers have completed a 'Capital Review' standard template and submitted this to the Chamberlain's Department and the Programme Management Office for their consideration.			Stefania Horne	12-Jan-2023	31-Dec-2023

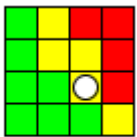

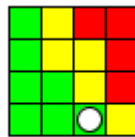

Risk no, Title, Creation date, Owner	Risk Description (Cause, Event, Impact)	Current Risk Rating & Score		Risk Update and date of update	Target Risk Rating & Score		Target Date/Risk Approach	Flight path
<b>ENV-NE-HH 001 Budget Reduction and Income Loss</b>	<p><b>Cause:</b> 12% budget reduction with in-year unidentified savings. Loss of income from visitor attractions, grants, and other funding streams. Additional income losses across the Department if more lockdown regulations applied.</p> <p><b>Event:</b> Inability to meet approved budgets; staff restructures resulting in redundancies, lowering of service standards, cessation of multiple services, reduction in essential repairs and maintenance.</p> <p><b>Effect:</b> Financial failure; failure of key services; failure to meet strategic objectives; significant reduction in service to users (and commensurate reputational damage).</p>	 Likelihood Impact	<b>8</b>	<p>This risk has been assessed in response to increased budgetary risks across the department.</p> <p>An increase in income in some areas due to many people staying local during the summer and posts being held vacant should mean that the unidentified 12% savings associated with the Target Operating Model can be met.</p> <p>This risk has been assessed as Amber (8) to reflect the current likelihood and impact of the risk occurring. The target has been set to Amber (6) for June 2023, although this is contingent on the identification of TOM-related savings.</p>	 Likelihood Impact	<b>6</b>	30-Jun-2023	
24-Feb-2022 Stefania Horne				<b>12 Jan 2023</b>			Reduce	

Action no, Title,	Action description	Latest Note	Action owner	Latest Note Date	Due Date
ENV-NE-HH 001a Budget monitoring	Monitor budgets monthly and consider income generation opportunities.	<p>A number of posts are being held vacant and most appointments are on fixed term contracts.</p> <p>Regular reviewing and forecasting of year end budget position is undertaken with Chamberlain's Department.</p> <p>Savings associated with the Target Operating Model (TOM) will be met.</p> <p>New Executive Director is in post and Environment Department project Board established to progress TOM Phase 2. The new TOM structure is due to be implemented from April 2023.</p>	Stefania Horne	12-Jan-2023	30-Jun-2023

## Appendix 2

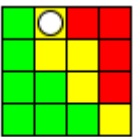

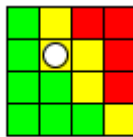

Risk no, Title, Creation date, Owner	Risk Description (Cause, Event, Impact)	Current Risk Rating & Score		Risk Update and date of update	Target Risk Rating & Score		Target Date/Risk Approach	Flight path
ENV-NE-HH 002 Long-term damage to site  24-Feb-2022 Jonathan Meares	<b>Cause:</b> An increase in visitor numbers to Natural Environment sites, with commensurate increases in littering, other antisocial behaviour and general damage to the natural environment. <b>Event:</b> Long-term environmental damage, with a particular focus on protected landscapes and Sites of Special Scientific Interest which are not designed for such high visitor numbers. <b>Effect:</b> Ecological and environmental damage; negative press coverage; loss of grants related to preservation; increased spend required to maintain sites / mitigate damage.	 Likelihood Impact	8	The current risk remains at the same level.  Damage to the natural environment has increased due to higher visitor numbers. The risk score is commensurate to this damage. Nature recovery/ground restoration works continue as part of the Cyclical Works Programme.  Achievement of target score for 2024 is contingent upon funding and support for restoration works.  <b>12 Jan 2023</b>	 Likelihood Impact	6	31-Mar-2024	
							Reduce	

Action no, Title,	Action description	Latest Note			Action owner	Latest Note Date	Due Date
ENV-NE-HH 002a Mitigation Actions	Ongoing actions to mitigate this risk.	<ul style="list-style-type: none"> <li>Additional monitoring and ecological assessments required.</li> <li>Messaging via social media asking visitors to use the site responsibly.</li> <li>Regular Ranger and Constabulary activity.</li> </ul> Target set for 2024 as we expect this to be a long-term mitigation exercise.			Jonathan Meares	12-Jan-2023	31-Mar-2024

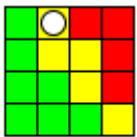

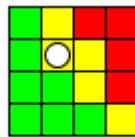

Risk no, Title, Creation date, Owner	Risk Description (Cause, Event, Impact)	Current Risk Rating & Score		Risk Update and date of update	Target Risk Rating & Score		Target Date/Risk Approach	Flight path
<b>ENV-NE-HH 006 Health and Safety Incidents</b>  10-Aug-2015  Declan Gallagher; Stefania Horne	<b>Cause:</b> Poor understanding and/or delivery of Health and Safety policies, procedures and safe systems of work; inadequate training; failure to implement results of Divisional Health & Safety Audits; dynamic risk assessments not undertaken. Security, antisocial behaviour, dealing with members of the public. <b>Event:</b> Staff or contractors undertake unsafe working practices. Unauthorised access to water bodies by members of the public. <b>Effect:</b> Death or injury of a member of staff, contractor or a member of the public, reputational damage; financial penalty.	 Likelihood	8	The current risk score remains unchanged, but we aim to reduce it over coming months by increasing proactive Health and Safety management, including audits, inspections, communications and staffing.  <b>12 Jan 2023</b>	 Likelihood	4	30-Jun-2023	
							Reduce	

Action no, Title,	Action description	Latest Note	Action owner	Latest Note Date	Due Date
ENV-NE-HH 006a Annual H&S site Audits	Continue with annual H&S site Audits. Sites will carry out audits by peers from within Division. Audits usually take place in August and are signed off later in the year.	This is an ongoing action and reviewed annually. The site audits contribute to the Division's Annual Certificate of Assurance.	Declan Gallagher	12-Jan-2023	31-Mar-2024
ENV-NE-HH 006b Quarterly Divisional H&S meetings	Hold regular Divisional Health and Safety meetings. Keep staff informed, consulted and updated on H&S matters.	Divisional Health & Safety meetings continue, attendance is monitored. The Division has input at a Departmental level. Ongoing action.	Declan Gallagher	12-Jan-2023	31-Mar-2024
ENV-NE-HH 006c Management of the ponds and lido	Manage the ponds and lido to reduce the likelihood of unauthorised access and drowning.	Front line staff continue to patrol non-lifeguarded ponds, particularly during extreme weather conditions. Stewards are available during operating hours at the ponds and the Lido to promote customer safety.	Declan Gallagher ; Paul Maskell	12-Jan-2023	31-Mar-2024

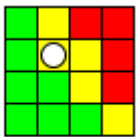

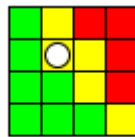

## Appendix 2

Risk no, Title, Creation date, Owner	Risk Description (Cause, Event, Impact)	Current Risk Rating & Score		Risk Update and date of update	Target Risk Rating & Score		Target Date/Risk Approach	Flight path
<b>ENV-NE-HH 009</b> <b>Supervised water facilities</b>  10-Aug-2015 Paul Maskell	<b>Cause:</b> Improper use of water bodies: members of the public swimming in unauthorised areas; swimming outside of designated zones/times; fail to pay attention to acclimatisation requirements. Insufficient signage; poor maintenance of banks. <b>Event:</b> Death or serious injury of member of public, contractor or staff in ponds. Unable to effect safe rescue of swimmer/person in pond. <b>Effect:</b> Possible legal challenge. Emotional impact on staff. Reputational risk. Financial penalty	Likelihood  Impact	<b>8</b>	The current risk score remains Amber 8 (likely / serious) due to the increased popularity of the facilities.  Measures are in place to ensure the health and safety of staff and visitors, but pressure due to high attendance means the likelihood of the risk occurring must remain at the same level.  <b>12 Jan 2023</b>	Likelihood  Impact	<b>6</b>	31-Mar-2024	
							Reduce	

Action no, Title,	Action description	Latest Note			Action owner	Latest Note Date	Due Date
ENV-NE-HH 009a Staff training	Training for lifeguards and operational / maintenance staff to ensure the safety of water bodies and swimmers.	Ongoing -Training needs and requirements are identified in staff performance reviews and 1:1 meetings throughout the year.			Paul Maskell	12-Jan-2023	31-Mar-2024
ENV-NE-HH 009b Signage	Appropriate signage at ponds. Rangers check signage weekly. They also check gates are locked and life rings are in place.	This is actively monitored. Signage, specifically at water bodies, is checked by Ranger team as part of their weekly patrols and defects reported for repair or replacement.			Paul Maskell	12-Jan-2023	31-Mar-2024
ENV-NE-HH 009c Safety equipment	Safety equipment accessible at ponds. Weekly checks by lifeguards. Monthly safety equipment checks by Rangers.	Safety equipment is checked weekly by lifeguards and monthly by Rangers as part of their patrols. Defects are reported for repair or replacement.			Paul Maskell	12-Jan-2023	31-Mar-2024

Risk no, Title, Creation date, Owner	Risk Description (Cause, Event, Impact)	Current Risk Rating & Score		Risk Update and date of update	Target Risk Rating & Score		Target Date/Risk Approach	Flight path
<b>ENV-NE-HH 010</b> <b>Maintenance of water bodies</b>  25-Jun-2022 Jonathan Meares	<b>Cause:</b> Lack of maintenance of established water bodies across the sub-division. <b>Event:</b> Water bodies are not maintained to an acceptable and safe standard. <b>Effect:</b> Decrease in the quality of maintenance of the water bodies. Ponds are dynamic landscape features which require management in order to be conserved into the future: failing to maintain water bodies may result in a decrease in ecological and habitat improvements.	 Likelihood	<b>8</b>	The ponds and wetlands on Hampstead Heath provide a core component to the Heath's overall ecological value in terms of habitat diversity, and consequently species diversity.  The 'Ponds and Wetlands Plan' makes a series of recommendations for future management which are implemented as appropriate.  <b>12 Jan 2023</b>	 Likelihood	<b>6</b>	31-Mar-2024	
							Reduce	

Action no, Title,	Action description	Latest Note			Action owner	Latest Note Date	Due Date
ENV-NE-HH 010a Ponds and Wetlands Plan	Implement the recommendations in the Ponds and Wetlands Plan as appropriate.	The Ponds and Wetlands Plan makes a series of recommendations for future management. Officers, in consultation with stakeholders, will discuss and, where appropriate, implement recommendations.			Jonathan Meares	12-Jan-2023	31-Mar-2024

Risk no, Title, Creation date, Owner	Risk Description (Cause, Event, Impact)	Current Risk Rating & Score		Risk Update and date of update	Target Risk Rating & Score		Target Date/Risk Approach	Flight path
ENV-NE-HH 005 Plant and Tree Disease	<p><b>Cause:</b> Inadequate biosecurity, buying of infected trees, plants or animals, spread of windblown OPM (oak processionary moth) from adjacent sites.</p> <p><b>Event:</b> Tree disease including Massaria, Ash Dieback, Oak Processionary Moth (OPM). Sites become infected by animal, plant or tree diseases.</p> <p><b>Effect:</b> Service capability disrupted, Public access to sites restricted, tree decline, reputational damage, substantial cost of removal of OPM, risk to human health from OPM.</p>	<p>Likelihood</p>  <p>Impact</p>	6	<p>The risk score has been reduced from Amber 8 (likely/serious) to Amber 6 (possible/serious).</p> <p>Environmental factors, specifically drought and hotter summers will increase vulnerability of trees to pests and diseases. However, we will maintain the risk at a score of 6 through effective monitoring and actions.</p> <p>The threat of OPM across the North London Division is reducing but we continue with the Forestry Commission led management on a targeted caterpillar spray in specific areas and nest removal in others.</p> <p>Staff continue to manage Massaria and Horse chestnut bleeding canker.</p> <p>The Tree Team works with the Forestry Commission in conjunction with the London Tree Officers Association on an annual inspection program looking at 53 plots around London for the presence of Canker Stain of Plane (<i>Ceratocystis platani</i>) and <i>Xylela fastidiosa</i>.</p> <p>Staff continue to be vigilant and inspect for all the other tree pest and diseases on the list. We have Chalara dieback of ash at NLOS which currently is not a major concern. The Division has a Severe Weather Protocol which requires staff to actively review tree canopies for storm damage. Sites may be closed in high winds to reduce incidents with tree damage (which may be associated with pests/disease).</p>	<p>Likelihood</p>  <p>Impact</p>	6		

## Appendix 2

10-Aug-2015 Jonathan Meares				12 Jan 2023			Accept	
--------------------------------	--	--	--	-------------	--	--	--------	--

Action no, Title,	Action description	Latest Note	Action owner	Latest Note Date	Due Date
ENV-NE-HH 005a Tree and Plant Procurement	Use appropriate tree and plant procurement methods.	Tree provenance is considered. Planting stock is sourced and used in accordance with best practice guidance. This is an ongoing action.	Jonathan Meares	12-Jan-2023	31-Mar-2024
ENV-NE-HH 005b OPM monitoring	Identification and treatment of Oak Processionary Moth.	The threat of OPM across the North London Division is reducing, but we continue with the Forestry Commission led management on a targeted caterpillar spray in specific areas and nest removal in others. We are also looking at alternative, nature-based, management strategies.	Jonathan Meares	12-Jan-2023	31-Mar-2024

Risk no, Title, Creation date, Owner	Risk Description (Cause, Event, Impact)	Current Risk Rating & Score		Risk Update and date of update	Target Risk Rating & Score		Target Date/Risk Approach	Flight path
ENV-NE-HH 008 Local Planning Issues	<b>Cause:</b> Planning Authorities obligation to meeting housing demand. Fail to monitor and challenge planning applications. Lack of resource to employ specialist support or carry out monitoring/research. Lack of partnership working with relevant Planning Authorities. <b>Event:</b> Large houses, buildings or other developments on land affecting Hampstead Heath. <b>Effect:</b> Potential increase in visitor numbers and recreational pressure. Increased air, light and noise pollution and consequent potential decline in biodiversity and tranquility. Further increases in traffic volumes on local road network. Ground compaction and resulting associated effects on tree and plant health. Wear and tear to sports pitches. Lack of budget to facilitate repairs.	<div><div>Likelihood</div><div>Impact</div></div>	4	The current and target risk scores have been reduced from Amber 12 (possible/major) to Green 4 (unlikely/serious). This is because our ongoing actions, including collaboration with local stakeholder groups in opposition of potentially damaging developments, have been effective in reducing the risk. We accept the risk at a score of 4 as we are unable to reduce it any further at the present time.	<div><div>Likelihood</div><div>Impact</div></div>	4		
				We continue to liaise with partners and stakeholders regarding planning applications which may impact upon Hampstead Heath and the wider Division.			Southern borders of Hampstead Heath may see significant development and there is public concern about the impact of this. City Corporation Officers are in discussion with developers, considering mitigating actions to reduce the impact of the development on the green space.	12 Jan 2023
23-Jun-2016 Stefania Horne								

Action no, Title,	Action description	Latest Note	Action owner	Latest Note Date	Due Date
ENV-NE-HH 008a Local Authority relationships	Maintain a close partnership with Planning Authorities. Assistant Director and Officers are in contact with neighbouring local authorities in regard to planning issues which may impact Hampstead Heath.	<p>Ongoing, division make representations as necessary.</p> <p>Stakeholders, e.g. Consultative Committee and Hampstead Heath, Highgate Wood and Queen's Park Committee, are updated as appropriate.</p>	Jonathan Meares	12-Jan-2023	31-Mar-2024

## Appendix 2

ENV-NE-HH 008b Local planning documents	Respond to consultation on the local plans to help influence the content of the documents.	Ongoing. We respond to planning issues as necessary.  Stakeholders, e.g. Consultative Committee and Hampstead Heath, Highgate Wood and Queen's Park Committee, are updated when necessary.	Jonathan Meares	12-Jan-2023	31-Mar-2024
ENV-NE-HH 008c Planning applications	The North London division monitors planning activity in order to ensure it does not impact the open spaces.	Ongoing. We respond to planning issues as necessary. Relevant planning applications are monitored.  Stakeholders, e.g. Consultative Committee and Hampstead Heath, Highgate Wood and Queen's Park Committee, are updated when necessary.	Jonathan Meares	12-Jan-2023	31-Mar-2024
