

The Local Government Pension Scheme (LGPS) City of London Pension Fund Pension Savings Statement 2022/23

I am required by HM Revenue & Customs (HMRC) to issue you with a Pension Savings Statement as the growth of your LGPS benefits in the City of London Pension Fund has exceeded the Annual Allowance (AA) limit for the tax year 2022/23. This growth is known as the Pensions Input Amount (PIA).

The enclosed statement contains your pension growth for 2022/23 and the three preceding years, plus the total value of any unused allowance for these periods. The unused amount is referred to as Carry Forward and is used to reduce the potential liability to a tax charge if your pension growth is in excess of the AA limit (£40,000) for this year.

If your pension growth has exceeded the 2022/23 AA limit and your Carry Forward from the three preceding years is not sufficient to offset the excess, you may be subject to a tax charge.

If your charge liability exceeds £2,000 you can request the City of London Pension Fund pays the charge to HMRC on your behalf in return for a permanent reduction to your pension benefits. This is known as Scheme Pays and the reduction is referred to as the Debit. If this is your preference, please complete the enclosed Scheme Pays form instructing us of the amount of the tax charge you want the Fund to pay on your behalf.

If your pension growth in the City of London Pension Fund, less the value of any available Carry Forward from the three preceding years, is **greater** than £40,000 I have enclosed an illustration of the estimated tax charge liability and the value of the potential Debit amount should you elect for Scheme Pays to meet this charge.

If your total pension growth, less the value of any available Carry Forward from the three preceding years, is **less** than £40,000 you will not need to take any further action.

If your 'Unused / Excess Allowance' figure for 2022/23 is a **negative value** and having applied the 'Total Carry Forward to 2022/23' it is still negative you will be subject to a tax charge. Please read the 'illustration page' and the further information enclosed.

Please note, this information is based upon your LGPS benefits with the City of London Pension Fund only. Should you have further pension provision you must add the PIA from each scheme together to determine the full potential taxable excess.

<p>This Pension Savings Statement should be retained for future reference.</p>

For the tax year 2022/23 a Tapered Annual Allowance (TAA) may also apply. The TAA is applicable for individuals whose “threshold income” is more than £200,000 per year and whose “adjusted income” is more than £240,000 per year; in these circumstances their personal AA limit may be reduced to a minimum of £4,000. If I believe you may be affected by the TAA I have included an additional illustration of these values and the appropriate Voluntary Scheme Pays election form.

	Definition	Limit
Threshold Income	Broadly, your taxable income after the deduction of your pension contributions (including AVCs deducted under the net pay arrangement).	£ 200,000
Adjusted Income	Broadly, your threshold income plus pensions savings built up over the year.	£ 240,000

Threshold income includes all sources of income that are taxable, e.g. property income, savings income, dividend income, pension income, social security income (where taxable), state pension income etc.

Please use the links below to find further information about AA and TAA which may assist you in deciding what action you need to take. I have also enclosed a factsheet, notes and a table of responsibility for your attention.

Please note, I am unable to provide you with any financial or taxation advice. It is your responsibility to determine your personal tax liability and report it to HMRC on your Self-Assessment tax return.

This is a complex issue and the contents of this letter are based upon my understanding of the legislation as it currently stands. The relevant regulations will be used to reach a decision in any dispute or disagreement. You may wish therefore to consider seeking independent financial or taxation advice before making an irreversible decision.

Yours sincerely

Notes

- If you exceed the AA or TAA limits you may carry forward unused allowance from the previous 3 years
- If you do not have sufficient unused allowance you will have a tax charge up to your highest rate of income tax
- If you are making in house Additional Voluntary Contributions (AVCs) the PIA shown will include any additional contributions paid in the relevant PIP
- You must notify HMRC, usually on your self-assessment return, of any tax charge
 - **Post, by 31 October 2023**
 - **Online, by 31 January 2024**
- If the charge is more than £2,000 you may elect for “scheme pays”. If this is your intention, please complete and return the enclosed election form.
- If you elect for “scheme pays” your LGPS pension will be actuarially reduced
- If your adjusted income is in excess of £240,000 your AA limit will be reduced by £1 for every £2 you exceed £240,000
- All values are based on information provided by your employer
- If you are unsure about anything relating to AA and TAA you should seek independent financial or taxation advice
- If you have other pension provision outside of the City of London Pension Fund you must add the PIA values for all schemes together
- A lower AA may apply if you have accessed any pension savings using the pension freedoms introduced in April 2015

Annual Allowance Illustration 2022/23

You will need to determine the exact charge by completing a self-assessment tax return. The following is for illustrative purposes only and shows the possible reduction to your annual pension if you elect for Scheme Pays. It is based on our understanding of pension legislation in force at the time of calculation.

The tax charge will be based on your marginal rate of tax and I have illustrated Scheme Pays under both a 40% and 45% tax rate.

Based on City of London Pension Fund benefit values only;

Excess over the Annual Allowance:	£
Less Carry Forward of Unused Allowance:	£
Annual Allowance Subject to Tax Charge:	£

Marginal Rate of Tax	Tax Charge	Debit Amount (Reduction to annual pension under Scheme Pays)
40%	£	£
45%	£	£

Please Note: The Debit amount is based on retirement at your normal pension age and may vary to the value shown:

- The amount is linked to the Consumer Price Index (CPI) for the period between the year of the charge and your date of retirement.
- If you retire earlier than your normal pension age the Debit amount will be reduced to take account of early payment.
- If you retire after your normal pension age the Debit amount will be increased to take account of late payment.

If you wish the City of London Pension Fund to make payment of your AA tax charge on your behalf and make a reduction to the value of your annual pension, then you should complete and return the enclosed Scheme Pays election form.

Your request for this option must be received by the Fund no later than 31 July following the tax year to which the charge relates, or your date of retirement if earlier. For example, if the charge was accrued in 2022/23 your notification must be received no later than 31 July 2024.

To be eligible for Scheme Pays the tax charge must exceed £2,000 and must be solely in relation to the pension benefits held with the City of London.
