Main Report

Background

1. The purpose of the Policy Initiatives Fund (PIF) is to allow the Committee to respond swiftly and effectively with funding for projects and initiatives identified during the year which support the City Corporation's overall aims and objectives.
2. The current process for identifying which items should sit within the PIF are if they fall under the below criteria:
 - Items that relate to a specific initiative i.e. research.
 - Sponsorship/funding for bodies which have initiatives that support the City's overall objectives; and
 - Membership of high-profile national think tanks.
3. To restrict the depletion of funds in future years, a two-year time limit is in place on multiyear PIF bids, with three years being an option by exception. To ensure prioritisation within the multiyear bids, the PIF from the financial year 2019/20 and onwards has £600k of its total budget put aside for multiyear bids with the rest set aside (£600k) for one off allocations, with the option to 'top up' the multiyear allocation from the balance if members agree to do so. This will ensure that there should always be enough in the PIF to fund emerging one-off opportunities as they come up.
4. PIF bids need to include a measurable success/benefits criterion in the report so that the successful bids can then be reviewed to see what the outcomes are and if the works/activities meet the objectives of the PIF. These measures will be used to review PIF bids on a six-monthly basis. This review will aide members in evaluating the effectiveness/benefits of PIF bids supported works/activities which can be taken into consideration when approving similar works/activities in the future.
5. PIF bids must include the category which the Initiative falls within. The current categories are: Events, Promoting The City, Communities, Research and Attracting and Retaining International Organisations.
6. When a PIF bid has been approved there should be a reasonable amount of progress/spend on the works/activities within 18 months of approval which allows for slippage and delays. If there has not been enough spend/activity within this timeframe, members will be asked to approve that the remaining allocation be returned to the Fund where it can be utilised for other works/activities. If the Department requires funding for the same works/activities again at a later date, it is suggested that they re-bid for the funding. If there is a legitimate reason, out of the Department's control, which has caused delays, it is recommended that these are reviewed by Committee as needed.
7. The Committee Contingency Fund is used to fund unforeseen items of expenditure when no specific provision exists within the Policy Committee's budget such as hosting one-off events.

8. The Committee's Project Reserve is a limited reserve which has been established from funds moved from the Projects Sub Committee Contingency Fund as approved in May 2019's Policy and Resources Committee. The initial amount transferred to this reserve totalled £450,000 from the Project Sub Committee, this is not an annual Contingency but a one-off sum. It is suggested that this reserve is used for project type spend.
