### Summary

The Policing Plan 2022 – 2025 requires an annual refresh to ensure that the content both reflects our key achievements for 2023-2024 and also horizon scans for future threats and opportunities for policing, making it relevant for 2024-2025. The purpose of this refresh is therefore to adjust content for relevancy rather than to provide significant material changes.

It follows feedback from internal consultation, as well as presentation to Members of Strategic Planning and Performance Committee (SPPC) on the 13<sup>th</sup> November 2023, Members of Police Authority Board (PAB) at a workshop on the 13<sup>th</sup> December 2023 and Members of the Court of Common Council at a specific briefing on the 11<sup>th</sup> January 2024. All Member feedback provided at these Committees and briefings has been considered and actioned as appropriate. This is the final version for approval subject to the single placeholder area below being available and included.

The refreshed Plan will be officially published on the CoLP Website on 1 April 2024, after it has been presented to the Court of Common Council on the 6 March by the PAB Chair.

For ease, please find below placeholder area outstanding:

P.32: Efficient and Effective Service: Financial information will be reconciled in February 2024, providing a pie chart breakdown for 2023-24.
