Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: This project will bring a modern and fresh look to Long Lane replacing a set of nondescript buildings by creating a contemporary hotel. This new development is to be welcomed, as a future resident business in Smithfield the London Museum will be attracting 2 million people a year we want our neighbourhood to be attractive and to support tourism.

The hotel will enhance Long Lane at street level, we endorse the pocket park as a small opportunity to provide green space in a highly urbanised location. We also welcome the activation at street level.

We see the amenity of the hotel as being important in the overall mix of businesses in the area and we feel that the design is sympathetic to the area.
