- Note the report and contents of the Schedules.

Main Report

Background

1. On the basis of Committee's concerns of the operations of the PIF/Contingency Funds, the Policy was refreshed and ratified by Policy & Resources Committee on 14 December 2023. A policy briefing was held on 17 January 2024 to support regular report authors with these new policy requirements.
2. The Policy Initiatives Fund (PIF) should be used to fund projects and initiatives identified during the year which support the City Corporation's overall aims and objectives, or policy priorities identified by the Policy & Resources Committee.
3. The Committee Contingency Fund is used to fund unforeseen one-off items of expenditure when no specific provision exists within the Policy Committee's budget.
4. There is no specification for the *type* of project in scope but has historically included items relating to a specific initiative, e.g. research, funding for external bodies in support of the City's overall objectives, and membership of national think tanks. All applications should make clear what specific activity funding it will be used for and should set out the standard information specified in the Policy to enable Members to take an informed decision.
5. All applications should be discussed informally before submitting with the Head of the Policy Unit, Office of the Policy Chairman, Town Clerk's Department and the Assistant Director (Strategic Finance), Chamberlain Department.
6. To restrict the depletion of funds in future years, a two-year time limit is in place on multiyear PIF bids, with three years being an option by exception. To ensure prioritisation within the multiyear bids, the PIF from the financial year 2019/20 and onwards has £600k of its total budget put aside for multiyear bids with the rest set aside (£600k) for one off allocations, with the option to 'top up' the multiyear allocation from the contingency balance if Members agree to do so. This will ensure that there should always be enough in the PIF to fund emerging one-off opportunities as they come up.
7. Departments must complete a standardised progress update form biannually and at the end of the Initiative for all awards.
8. When a PIF bid has been approved there should be a reasonable amount of progress/spend on the works/activities within 18 months of approval which allows for slippage and delays. If there has not been enough spend/activity within this timeframe, Members will be asked to approve that the remaining allocation be returned to the Fund where it can be utilised for other works/activities.
9. Where no expenditure has been made within 12 months, a report should be brought back to the Policy & Resources Committee by officers to request reprofiling of funds.

10. If the Department requires funding for the same works/activities again at a later date, the funding must be re-bid for. If there is a legitimate reason, out of the Department's control, which has caused delays, it is recommended that these are reviewed by Committee as needed.
11. Officers must gain the approval of the Policy and Resources Committee prior to repurposing any PIF/Contingency.
12. It is expected that recurrent expenditure is covered by local risk budgets through the budget setting process unless extenuating circumstances.

Current Position

13. Appendices 1 to 2 list committed projects and activities approved by this Committee for the current and future financial years with the remaining balances available for the PIF (Appendix 1) and your Committee's Contingency (Appendix 2).
14. The balances that are currently available in both the Policy Initiatives Fund and Committee Contingency Fund for 2024/25 are shown in the Table below. These amounts include uncommitted balances from 2023/24 of £542,804 and £31,692 for PIF and Committee's Contingency respectively, as agreed by your Committee in March 2024. The 2023/24 unspent allocations Departments have requested to be carried forward for spending in 2024/25 are also included in the figures below.

Corporate & Strategic Implications

16. Strategic implications – Although each PIF application has to be judged on its merits, the application must include how the item will advance either:
 - a) A policy lead area defined by this Committee
 - b) Another Committee priority
 - c) A Corporate Plan outcome
 - d) Promotion of the City or City's role in London or nationally
17. Financial implications – Each PIF application should be approved on a case by case basis and Departments should look to local budgets first before seeking PIF approval, with PIF requests only being submitted if there is no funding within local budgets available.
18. Resource implications – None
19. Legal implications – None
20. Risk implications – None
21. Equalities implications – None
22. Climate implications – None
