

Introduction

- The first Modern Slavery Statement published by the City Corporation was released in November 2018 and remains available online. As well as outlining our approach to tackling modern slavery at that time, it outlines in detail our organisation's remits and risks related to modern slavery, alongside the City Corporation's structure and various legal functions, including as charity trustee of Bridge House Estates (Charity Reg. No. 1035628) (BHE).
- This current Modern Slavery Statement focuses in more detail on what is being done across the organisation: practices that have now been established to combat modern slavery, recent progress and continuous improvement commitments. Its publication follows the release of the City Corporation's Responsible Procurement Policy.
- In the interest of due diligence, transparency and responsible business commitments, this Modern Slavery Statement is produced by the City Corporation on a voluntary basis alongside peer organisations who are required to comply with Section 54 of the Modern Slavery Act 2015.
- For the purposes of this Statement and associated Policy, the term 'Modern Slavery' encompasses slavery, servitude, human trafficking, forced or compulsory labour and child labour.

The Modern Slavery Statement is divided into four sections, which set out the steps the City Corporation is taking:

- in discharging its functions to ensure that modern slavery is not taking place in its business, jurisdiction or supply chains.
- to use its wider influence to reduce modern slavery risks and impacts.

Our Organisation:

Prioritising our commitment at the highest level, protecting and educating staff and taking dedicated action and collaborating across the City Corporation to combat modern slavery.

Our Jurisdiction:

Minimising the risk of modern slavery occurring in the City of London (or Square Mile) and on City Corporation property, referring any victims to the help they need, ensuring any perpetrators are brought to justice and helping to identify modern slavery in any place the City Corporation has a presence.

Our Domestic Supply Chain:

Using responsible procurement and rigorous contract management to mitigate the risk of modern slavery taking place within our UK supply chains.

Our Global Supply Chain:

Using responsible procurement and effective due diligence procedures to minimise the risks of using global suppliers who contravene human and labour rights and exploit people through modern slavery.

Our Organisation

Prioritising our commitment at the highest level, taking dedicated action and collaborating across the City of London Corporation to combat modern slavery

Risks

Modern slavery is prevalent in many industries, both within and outside of the UK. The City Corporation recognises the risk associated with its own activities; this Modern Slavery Statement sets out our response.

Policies and commitments

Corporate Plan: People are safe & feel safe, Businesses are trusted to be environmentally and socially responsible. Responsible Business Strategy 2018-23: Promoting human rights through our every day work and decision making. BHE Bridging London Strategy, 2020 – 2045: aim to be sustainable.

Established Practice and Remit

- To ensure the most effective approach to tackling modern slavery, leads from across the organisation formed a working group to coordinate efforts, offer mutual support and make sure that resources, training and lessons learned were and continue to be shared.
- With representation from: the City of London Police, Bridge House Estates, Markets & Consumer Protection, the Barbican, Department for Community & Children's Services, and central support Departments - Town Clerk's (Human Resources and Learning & Development), Chamberlain's, and Comptroller & City Solicitor's.
- A modern slavery e-learning course is available to all staff, raising awareness of their role in identifying and reporting concerns.

Recent Progress

- This Modern Slavery Statement was co-authored by relevant leads across the organisation, coordinated by the Procurement and Responsible Business teams.
- Significant progress on combatting modern slavery has been made by individual teams, which is detailed further on, but from an organisational perspective, the most substantive progress includes:
 - Increased cross-departmental training and awareness raising events and cooperation with external agencies.
 - Increased cooperation with regional and national groups.
 - Establishment of an independent Responsible Business Panel, who advise on the City Corporation's approaches to ensuring social value, sustainability, and human and labour rights.
 - Living Wage commitment has been enhanced to include any person working under any of our contracts for two or more hours. This removes the requirement for people to be working on our sites or for longer periods of time (previously eight weeks).

Continuous Improvement

- An analysis of the nature of funds within City Corporation's investment portfolio was carried out. As work on responsible investment progresses, the risk of Modern Slavery being associated with our investment portfolio will be one of the Environmental, Social, Governance (ESG) aspects considered, to help shape City Corporation's investment activities and improve the transparency of due diligence measures undertaken.
- Will now publish a Modern Slavery Statement on annual basis.

Our Jurisdiction

Minimising the risk of modern slavery occurring in the Square Mile and on City Corporation property, referring any victims on to the help they need, ensuring any perpetrators are brought to justice and helping to identify modern slavery in any place the City Corporation has a presence

Risks

People at the highest risk of being victims of modern slavery in the Square Mile include sex workers, street traders, hospitality workers, cleaners, security personnel, construction workers and those providing domestic and care services or personal health and beauty services.

Policies and Commitments

City of London Police's Action Plan on Modern Slavery and Human Trafficking uses a four-pronged approach based on protection, preparation, prevention and pursuit. The Department for Children and Community Services (DCCS) work in partnership with City and Hackney Adult Safeguarding Board, City and Hackney Safeguarding Children's Partnership Board and the Safer City Partnership.

Established Practice and Remit

- While a corporate responsibility, DCCS are leaders for safeguarding children and adults in the City of London. They act as the single point of contact (SPOC) for Modern Slavery reporting.
- As per of their core duties, Markets & Consumer Protection (MCP) officers frequently visit sites in the Square Mile posing risks of modern slavery and are vigilant in observing and reporting any suspicious circumstances.
- The Serious Organised Crime board, led by the City of London Police (CoLP), brings together key agencies, assuming an advisory function to disrupt organised crime groups, inhibiting modern slavery activities.
- Specific roles and responsibilities are delegated within CoLP around training and intelligence and to deal with the victim(s), the suspect(s) or organised crime groups and the subsequent investigation.

Recent Progress

- Modern Slavery continues to be a topic of interest for MCP at the Licensing Liaison Partnership (which includes the Border Force).
- CoLP had 12 modern slavery referrals and 4 'duty's to notify' in 2020. Numbers were reduced in 2020 due to a reduction in footfall in response to Covid-19 and a large reduction in crime traditionally linked to criminal exploitation.
- 13 CoLP officers completed a College of Policing four day Modern Slavery Investigator course enabling them to provide tactical advice on Modern Slavery investigations.
- 16 CoLP officers completed a College of Policing 2 day Modern Slavery Victim Liaison Officer Course to assist in the identification and support of victims.
- Modern Slavery training inputs have been provided to frontline officers, new recruits and custody officers.
- CoLP have actively participated in Modern Slavery and County Lines intensification activity, identifying potential victims.

Continuous Improvement

- A SPOC for modern slavery issues to be set up in MCP and will be attending the MOPAC commissioned Focus on Labour Exploitation (FLEX) modern slavery 'train the trainer' in June and July, with training to be delivered to the teams after.
- A bespoke, shorter Modern Slavery investigator course is being developed internally for City of London Police investigators.
- CoLP continue to develop partnerships across the community and within policing to improve the identification and response to modern slavery.
- DCCS are investigating referral pathways into services including those supporting homeless people.
- DCCS will review the current internal training and promote further awareness.

Our Domestic Supply Chain

Using responsible procurement and rigorous contract management to mitigate the risk of modern slavery taking place within UK supply chains.

Risks

Based on the value and nature of contracts, the highest risks of modern slavery occurring in our UK supply chain include entry level roles in the construction, security, waste, cleaning and laundering, food harvesting and processing, and care industries, those typically undertaken by agency, seasonal and/or migrant workers, or those without formal UK qualifications

Policies and Commitments

The City Corporation's Responsible Procurement Policy 2020 includes commitments to pay the Living Wage and guard against modern slavery, human and labour rights abuses, and unfair working practices in high risk supply chains.

Established Practice and Remit

- Domestic supply chain categories: Healthcare/ homecare and supported living, taxis, food, security, hazardous waste and construction sites.
- The requirement for all suppliers that are in scope of the Modern Slavery Act 2015 to have a valid Modern Slavery Statement is incorporated as a pass/fail procurement criterion in the City Corporation's Supplier Questionnaire (SQ).
- A dedicated Responsible Procurement resource overseeing tailored interventions to ensure supply chain due diligence in all contracts posing a high risk of UK modern slavery.

Recent Progress

- In depth training was delivered in February 2021 to all City Procurement staff including Commercial Contract Management, Procurement Operations, Sourcing & Category Management and Accounts Payable staff on Responsible Procurement including modern slavery.
- Guidance on relevant contract types and recommended interventions to minimise the risk of domestic modern slavery in our supply chains has also been provided to procurement staff.
- Supplier evaluation questions have been expanded to include checking validity of Construction Skills Certification Scheme (CSCS) cards.
- Collaboration with London Heads of Procurement – with the Responsible Procurement Manager leading a workshop on tackling modern slavery in supply chains.
- Commitment in our Responsible Procurement Policy (published in 2020) to tackle modern slavery and a supplementary Action Plan drafted focusing on domestic modern slavery.

Continuous Improvement

- Introducing a specific requirement for site managers/ other relevant (sub)contractor staff to have the facility to check CSCS cards.
- Enhanced compliance provisions within standard contract terms in conditions.
- Explore whether or not it is something that could be incorporated into street works/ construction codes of conduct.
- Implement more structured internal procurement guidance for relevant decision making boards and commissioning officers.
- To complement the newly signed RP Policy, a focused Action Plan, including increased monitoring of compliance by high risk⁵ categories, will be implemented.

Our Global Supply Chain

Using responsible procurement and effective due diligence procedures to minimise the risks of using global suppliers who contravene human and labour rights and exploit people through modern slavery

Risks

The highest risks of modern slavery in our global supply chain, especially forced and child labour are associated with the production and manufacture of electronic equipment, textiles, agricultural commodities and construction materials. Conflict minerals (gold, tin, tantalum and tungsten) and cobalt found in computer equipment and vehicles are also of significant concern.

Policies and Commitments

Underpinned by the City Corporation's Responsible Business Strategy, our Responsible Procurement Policy 2020 makes specific human and labour rights commitments, with an action plan focussed on tackling modern slavery in global supply chains

Established Practice and Remit

The Responsible Procurement Manager tailors interventions to ensure supply chain due diligence in all contracts posing a high risk of global modern slavery, such as:

- For relevant contracts with lower risk/ spend/ leverage, pass/fail confirmation of adequate due diligence is required, to ensure awareness of and compliance with ILO conventions. High risk materials are outlined.
- For higher spend/ risk/ leverage contracts more active steps are taken within the procurement process including requiring contractors to declare current due diligence procedures followed by staged, mutually agreed upon continuous improvement requirements based on hot spot risks.

Recent Progress

- Since the publication of the City Corporation's first Modern Slavery Statement in November 2018, 99.66% of contracts by value (a total contract value of £4,227,854,738), which are deemed to be of high risk in terms of global modern slavery, have had active interventions incorporated. 0.18% of the remaining proportion (a total contract value of £7,542,818) were framework contracts established by third parties, with 0.15% (a total contract value of £6,728,930) relying on the validity of the contractor's Modern Slavery Statements alone. A goal of 100% active interventions has now been set, including for framework contracts.
- The City Corporation presented examples of procurement interventions as part of the Local Government Association (LGA) webinar on Modern Slavery in Local Government Supply Chains on 16 December 2020, and over the last three years has continued to work with the LGA, Home Office, Ethical Trade Initiative (ETI) and Greenwich University's Business, Human Rights, and Environmental Research (BHRE) Group to raise awareness and support the broadening of the Modern Slavery Act 2015 to the public sector.
- Commitment in our Responsible Procurement Policy published 2020 to tackle human and labour rights abuses in high risk supply chains and a supplementary Action Plan drafted focusing on global modern slavery.

Continuous Improvement

- Enhanced bank of questions for contract tenders and guidance with an increased focus placed on working with contractors to reduce risks of modern slavery within their supply chains.
- Contribute towards pan-London work through the London Responsible Procurement Network and London Procurement Network, which will include workshops involving industry representatives.
- Sign-off and implementation of an Action Plan which includes actions such as identifying supply chain hotspots for current high risk contracts and developing supplier action plans for improvement.
