Dear M

# **Local Government Pension Scheme Retirement Benefits**

I write to inform you that on your leaving your employment with the City of London Corporation on \*\*\*\* you have become entitled to an award of preserved retirement benefits payable from your state pension age, presently \*\*\*\*. The value of these benefits is as follows:-

Annual Pension £
Lump Sum £

Alternatively, you may elect to receive immediate payment of reduced benefits from \*\*\*\*. The value of these benefits would be as follows:-

Annual Pension  $\pounds$  Lump Sum  $\pounds$  This includes  $\pounds^*$ .\*\* Underpin Final Guarantee amount

### **McCloud Judgment**

Following the age discrimination case commonly known as McCloud, your pension has been tested to see if you are affected by the judgment. If you are entitled to extra pension, this is shown as an 'Underpin Final Guarantee Amount' on your letter and is included in the annual pension figure[s] shown. **Please note that very few members are affected.** 

Please be aware that any 'Underpin Final Guarantee Amount' shown will be paid if you take your pension straight away. If you take your pension later, the 'Underpin Final Guarantee Amount' may be higher, lower or may not apply. The final amount depends on a number of factors including your age when you retire.

You can find out more about the judgment by reading the [McCloud member factsheet / McCloud pages of our website / the McCloud pages of the national LGPS member website (England and Wales: <a href="https://www.lgpsmember.org/mccloud-remedy/">www.lgpsmember.org/mccloud-remedy/</a>.

### **Calculation of Final Salary Pension benefits**

Your pension benefits up to 31 March 2014 are based on your membership and your final pay on leaving. Your final pay is usually the pensionable pay in respect of your final year of scheme membership or one of the two previous years' if this is higher. If you were working part-time your final pay is the pay that you would have received had you worked whole-time.

These benefits have been calculated using a pensionable pay of £\*\*\*\*. This relates to the period \*\*\*\* to \*\*\*\* and is the highest of the final three years.

If your pay was reduced or increases to your pay were restricted in your last 10 years of continuous employment because you downgraded or moved to a job with less responsibility, or as a result of a job evaluation/equal pay exercise, or because of a change to what is specified as pensionable pay in your contract you have the option to have your final pay calculated as the average of any 3 consecutive years' pay in the last 13 years (ending on a 31 March). If you wish to take up this option please notify me in writing immediately.

Your benefits are increased in the line with the cost of living, both while they are preserved, and after they come into payment. Where a previous year's pay has been used these increases apply from the end of the pay period used.

If you receive arrears of salary after leaving the LGPS (e.g. due to a backdated pay award or a bonus paid in respect of an earlier period) your pension benefits will be recalculated accordingly; where a previous year's pay has been used to calculate your pension benefits the re-calculation may result in the final year being higher and consequently pension increases will apply from a later date. As a result there may be a reduction in the pensions increase amount and a reduction to the total pension benefit payable.

#### Calculation of Career Average Revalued Earnings (CARE) benefits

From 1 April 2014 your pension is calculated each year by taking 1/49<sup>th</sup> of your pensionable pay in that year and adding it to your Pension Account. The amount of pension in your Pension Account at the end of each scheme year will be adjusted in line with the cost of living.

#### **Exchanging annual pension for lump sum**

You have an option to convert some of your pension into extra lump sum retirement grant. Such conversion would be within Her Majesty's Revenue & Customs (HMRC) limits. For every  $\pounds$  1.00 of annual pension converted, you would receive an additional lump sum retirement grant of  $\pounds$  12.00.

If you elect to take immediate payment of reduced benefits the maximum you are allowed to convert is  $\mathfrak{L}^{***}$  which would then provide you with an additional lump sum retirement grant of  $\mathfrak{L}^{****}$ .

You can choose to convert any amount of pension up to the maximum amount shown above. The options available to you are detailed on the attached 'Lump Sum Option form'.

Should you elect to convert pension to provide for a larger lump sum but wish to convert an amount less than the permitted maximum you should select Option C and specify the amount of additional lump sum you wish to receive. Once you have made your election you will not be able to amend your decision at a later date.

Please note that if you reduce your pension, your spouse's and dependants' pensions would not be affected.

Please also complete the attached 'personal details following retirement' and 'lifetime allowance statement' forms and email them to the pension's office along any relevant certificates.

If you require any further information regarding this matter, please do not hesitate to contact .........

Yours sincerely

PG/PENSIONS/.....
