24506	Somali Women's Refugee Centre	26/11/2024	£119,370	The application is not recommended for funding due to concerns about the organisation's financial capacity.	Andrew Jermey-Boys
21818	Friends of Highgate Cemetery Trust	26/11/2024	£119,102	The application does not sufficiently align with the CBFs focused funding criteria to be prioritised for support. While the project holds some merit, the organisation's significant financial reserves and limited alignment with current priorities, particularly those aimed at directly addressing disadvantage mean it does not meet the level of fit needed for funding at this time.	Kerry Luker

24967	Support a Survivor of Torture	19/12/2024	£115,402	The application is not recommended for funding due to limited impact within London, insufficient evidence of outcomes, financial concerns, and the counsellor's qualifications not meeting UK standards.	Lara Rufus-Fayemi

24375	Future Frontiers	16/12/2024	£100,000	The application does not sufficiently meet the Foundation's funding criteria. While the work benefits disadvantaged young people, it is marginal to priorities and lacks a compelling case for impact compared to other proposals. The organisation's strong fundraising capability and financial stability reduce the need for funding, making the application less suitable for support at this time.	Annabel Bennett

25188	Ramadan Tent Project Ltd	24/01/2025	£100,000	The proposal does not sufficiently meet the criteria for the Voice and Leadership programme. The focus on leadership development is limited, with an emphasis on event management and public speaking skills rather than developing influencing skills or empowering underrepresented groups to take their ideas forward beyond the Ramadan Festival audience. The organisation has plans to develop a leadership academy in the future, which may better align with this funding strand, but this is not currently in place.	Gerard Darby
25230	The Mayor's Fund for London	05/12/2024	£100,000	The application does not fully align with the Foundation's funding criteria. While the proposed multi-year, youth-led film and advocacy project has merit, it does not strongly meet the "voice and leadership" theme. Additionally, the Foundation does not support proposals involving onward grant-making.	Geraldine Page

26198	Bridge the gap ending digital poverty C.I.C	08/01/2025	£100,000	The project is not sufficiently targeted toward eligible beneficiaries. Additionally, the organisation's income is too low to support the scale of funding requested, and a reduced request would not be feasible for effective delivery.	Caspar Cech-Lucas
26252	Shaolin Temple Martial Arts and Cultural Centre C.I.C	05/12/2024	£100,000	The application does not demonstrate a sufficient focus on eligible beneficiaries, and as such, it does not align closely enough with the Foundation's funding criteria to be recommended for support.	Caspar Cech-Lucas
23609	Groundswell Network Support UK	06/12/2024	£99,758	The application is marginal to the Foundation's more focused criteria, primarily due to its internally-focused approach, which does not strongly align with funding priorities aimed at broader community impact. While the project demonstrates co-production and addresses a gap in workforce training for individuals with lived experience of homelessness, it overlaps with existing funded programmes and lacks a compelling case for strategic fit or value for money under current budget constraints.	Chris Walker
25369	Metroland Culture Limited	06/12/2024	£98,848	This application cannot be recommended for funding as it does not clearly meet Voice and Leadership criteria. The activities are also short term (12 days annually), which does not meet City Bridge Foundation funding guidelines.	Anneka Singh
26022	Farsi Action Foundation	08/01/2025	£98,610	The application is not recommended for funding as the organisation cannot provide independently examined accounts for at least one year, which fails to meet the Foundation's due diligence requirements.	Geraldine Page

Additionally, the organisation's financial position, including reserves exceeding target levels, suggests it can deliver the proposed activities without external funding. In light of current funding priorities and budget constraints, the application is not recommended for support.	Annabel Bennett
