

Appendix 3: Alignment with the City of London's Corporate Plan Outcomes	
Leading Sustainable Environment	The inclusion of climate action strategy works demonstrates a commitment to sustainability, reducing the carbon footprint and promoting environmental stewardship.
Flourishing Public Spaces	Well-maintained public spaces contribute to the overall well-being and quality of life for residents and visitors.
Dynamic Economic Growth	By maintaining and improving the operational estate, the programme creates a conducive environment for businesses to thrive, supporting economic growth.
Providing Excellent Services	The programme allows for timely upgrades and repairs, ensuring that services remain excellent and responsive to changing demands.
