1. Apologies The apologies of those Members unable to attend this meeting of the Court were noted.
2. Declarations There were none
3. Minutes Due to a printing error, the public minutes and non-public summary of the Court meeting on 9th October 2025 were not included in the pack. This set of minutes would be submitted to the Court meeting on 15 January 2026 for consideration.
4. Mayoral engagements The Right Honourable The Lady Mayor reported on her recent engagements, which included overseas visits to Amsterdam to hold meetings with members of the Dutch investment community and the United States to discuss the UK-US economic relationship and regulatory environment can be improved. In addition, in early

December, the Lady Mayor hosted the Prime Minister at the inaugural Lady Mayor's Banquet at the Guildhall; the Prime Minister spoke of the pressing need for the UK to face outwards again – the City Corporation had a critical part to play in this endeavour over the coming years. Separately, on 4 December, the City was honoured to host the President of the Federal Republic of Germany, Frank-Walter Steinmeier, for a State Banquet at the Guildhall, an excellent example of the City's soft power.

In conclusion, the Lady Mayor wished the Members of the Court a restful and rejuvenating holiday period and looked forward to the seeing everyone again in 2026.

5. Policy Statement

The Chairman of the Policy and Resources Committee took the opportunity to welcome the Lady Mayor to her first Court of Common Council meeting in her new role and congratulated her on the resounding success of the first weeks of her Mayoral term.

Reflecting on the launch in 2023 of the Vision for Economic Growth, which led to the establishment of the Office for Investment: Financial Services (OfI:FS), the Chairman emphasised that the City's role in this underscored the City Corporation's position as the partner of choice for Government when it came to Financial and Professional Services; a recent early success for the OfI:FS was US insurer AM Speciality Insurance Company becoming the first approved firm authorised to operate in the UK market through the accelerated regulator's pathway.

After the December 2024 decision concerning the wholesale Markets, the Chairman emphasised the hard work which had taken place in the intervening 12 months; after working closely with the Markets traders and the Greater London Authority, the Chairman was delighted to provide the news earlier this month about plans advancing for a purpose built privately developed site at Albert Island in the Royal Docks, which would provide certainty for Traders, while unlocking housing and regeneration opportunities.

The Chairman reflected that in June, he had told the Court that he was committed to finding a solution for the state of the City Corporation's housing. He was pleased that later in the meeting, Members would be provided the opportunity to consider and vote for that solution.

Taken together, these decisions reflect the City that Members were shaping, a City which was experiencing a true renaissance, and one which was moving forward with confidence and purpose.

The Chairman concluded by wishing everyone a Merry Christmas and looked forward to a successful 2026 for the City of London Corporation.

6. Appointments

The Court proceeded to consider the following appointments.

(A) **Board of Governors of the City of London School for Girls** (one vacancy for a term expiring in July 2028).

Nomination(s) received:-

Alderman Sir Andrew Parmley

Read.

Whereupon the Lady Mayor declared Alderman Sir Andrew Parmley to be appointed to the Board of Governors of the City of London School for Girls.

(B) Committee of Aldermanic Almoners, Common Council Governors and Donation Governors of Christ's Hospital (one vacancy for a term expiring in March 2028)

Nomination(s) received:-

Deputy Ann Holmes

Read.

Whereupon the Lady Mayor declared Ann Holmes to be appointed to the Committee of Aldermanic Almoners, Common Council Governors and Donation Governors of Christ's Hospital.

7. **POLICY AND RESOURCES COMMITTEE**

13 November 2025

(Deputy Christopher Michael Hayward)

Investment in Social Housing Stock

The Court considered a Report concerning the funding options for improvements to the City of London Corporation's social housing stock. Reflecting on the commitment made at the June meeting of the Court to draw up funding options in order to restore the Corporation's social housing stock, the Chairman of the Policy & Resources Committee welcomed today's Report and paid tribute to the contributions of the Chairs of the Finance Committee, the Community and Children's Services Committee, the Housing Management and Almshouses Sub-Committee, and the Corporation's lead Member for residents, Jacqui Webster. The Report today presented a fully costed plan which fulfilled the promise to residents made in June; it meets the Corporation's responsibility to residents, and he hoped that honourable Members would unanimously support it.

Concern was raised over the robustness of the funding plan, with suggestion that recommendations in the Report would be insufficient in meeting the investment requirements for the Corporation's social housing stock, with some of the sources remaining uncertain. In addition, the Report referred to leaseholder contributions of an unspecified amount, it was felt that these contributions would ultimately be unaffordable to most leaseholders. It was suggested that all funding options be brought back into consideration, including sourcing funding from City's Estate.

Several Members welcomed the steps being taken. Reassurance was sought that leaseholders would not be facing onerous contributions. It was commented that now was the time to get on and deliver high quality changes that positively impact lives. It was noted that a methodology for fair leaseholder contributions would be considered at an upcoming meeting of the Golden Lane Major Works Renewal Board.

The clear fiduciary and moral duty of Members was emphasised in looking after the City's social housing residents; work of various Members and officers over the previous six months to progress the matter, was commended by several speakers.

There was an onus put on progressing the works at pace and to keep in mind the planned maintenance for the next 50 years, not just the next 10 years.

The Chair of the Community and Children's Services Committee supported the recommendations in the Report. She gave assurance to the Court that her Committee would lead in helping to deliver the 10-year programme. Whilst it was critical for the City Corporation's housing stock to achieve the Decent Home Standard, this programme will help the City do just that and more ensuring a positive impact on people's lives.

To conclude the debate, the Chairman of the Policy & Resources Committee assured Members that officers were assessing the impact on leaseholders, and a Report would be submitted to the Community and Children's Services Committee in the New Year which would seek to present a fair proposal for leaseholder contributions, with mitigations embedded if necessary.

The Chairman stressed the City Corporation's moral duty to ensure the City's housing residents should live in decent homes. This topic had been spoken about for years and now the Corporation is making a start; it was incumbent on Members to hold themselves to account on this vital programme.

Referencing the as yet unidentified £45m sum for the Programme's Optimism Bias, the Chairman highlighted the need for pace; the vast majority of the funding had been identified and it would not be in anybody's interests to pause now to wait for this sum to be scoped out when it could be identified over the course of the 10-year Programme. The Chairman reiterated his view that the funding methodology was sound and that resourcing the Programme from City Fund was sufficient and appropriate.

Resolved – that the Court approves the allocation of up to £151.77m of City Fund Capital funds (including optimism bias) over the next 10 years to support the major works renovation programme to bring the existing housing stock to a good condition.

8. **FINANCE COMMITTEE**

4 November 2025

(Deputy Henry Nicholas Almroth Colthurst)

Pan-London Sexual Health eService (SHL.UK)

The Court considered a Report concerning a proposal relating to the award of a contract for the Pan-London Sexual Health Programme eService (SHL.UK).

Resolved – that the Court endorse the award of a five-year contract, with the option to extend for up to a further 48 months of the Pan London Sexual Health Programme eService (SHL.UK)

9. **PLANNING AND TRANSPORTATION COMMITTEE**

21 October 2025

(Deputy Tom Sleigh)

(A) City Plan 2040

The Court considered a Report concerning proposals relating to a period of consultation on Main and Additional Modifications to the City Plan 2040.

It was requested that consultation responses to be published on the planning portal. The Chairman of the Planning and Transportation Committee supported this suggestion and would ask officers to facilitate it.

Resolved – that the Court:

- Approve a six-week consultation period on the Main and Additional Modifications to the City Plan (Appendix 1 and 2), the Sustainability Appraisal Review (Appendix 3) and the changes to the Policies Map (Appendix 4).
- Authorise the Director of Planning and Development, in liaison with the Chair and Deputy Chair of the Planning and Transportation Committee to provide a City Corporation response to the consultation responses received.

(B) Annual On-Street Parking Accounts 2024/25 and Related Funding of Highway Improvements and Schemes

The Court considered a Report concerning the annual On-Street Parking Accounts and approval of the onward submission to the Mayor of London.

It was requested that officers investigate the potential of parking bays being established in the main residential wards of the City for the use of local residents. The Chairman of the Planning and Transportation (P&T) Committee supported this suggestion and would invite officers investigate.

Resolved – that the Court noted the contents of the Report and approve its onward submission to the Mayor of London.

10. Vote of
Thanks, Late
Lord Mayor

Haines, C. W.,
Deputy
Pollard, J. H.
G., Deputy

Resolved unanimously – “That the Members of this Honourable Court take great pleasure in expressing to:-

Alderman Alastair John Naisbitt King DL

their gratitude and appreciation for the distinguished manner in which he has served as Lord Mayor of the City of London during the past year. His Mayoral theme, ‘Growth Unleashed’, has focused on driving growth by celebrating the successes and diverse communities within the Square Mile, encouraging the adoption of technologies that provide London with a competitive advantage, and challenging industry to maximise opportunities through responsible risk taking.

Alastair has achieved particular success through his tireless work to transform the UK’s pension investment culture, championing a value-for-money approach that prioritises long-term returns for savers. Through the Mansion House Accord, an extra £50 billion of investment for UK businesses and major infrastructure projects is set to be unlocked, and his corresponding success through the Employer Pension Pledge, signed by the Chancellor in July, commits over twenty of the UK’s largest employers to pledge to prioritise retirement outcomes for their workforce, rather than focusing solely on cost reduction, when selecting or reviewing pension providers.

Throughout the year of office, the Lord Mayor undertook an extensive programme of international visits, travelling to over twenty countries by November and maintaining enthusiasm and good humour throughout, including visits to Australia, India, China,

North America, Japan, the Gulf, and Southeast Asia. Notable highlights include hosting visiting dignitaries and officials, such as the State Visit by the President of the French Republic in July—celebrating ties between the UK and France and encouraging stronger collaboration on financial services—and hosting

the Amir of Qatar at Mansion House during his State Visit.

Perhaps unsurprisingly, given his Scottish heritage, Alastair also made promoting investment into Scotland a personal priority, including through his successful co-hosting of Scotland's Global Investment Summit with Scottish Financial Enterprise in October, supported by both the UK and Scottish Governments. This has already given rise to substantial new investment.

The Lord Mayor also demonstrated strong support for the Defence sector and Armed Forces by leading a series of breakfast roundtables on funding the UK defence supply chain with financial professional services firms.

In thanking Alastair, his colleagues on this Court also wish to express their gratitude to Florence, the Lady Mayoress, for her enthusiastic support throughout the year, particularly through her championing of the Armed Forces Covenant. We also record our thanks to Corinne Lee, who has often acted as Representative Lady Mayoress during the year.

In taking their leave of Alastair, their 696th Lord Mayor, Members unite in thanking Alastair for all that has been accomplished in his year and send best wishes to him and Florence for their future good health and happiness”.

13. Questions

*Sleigh, T.,
Deputy, to
the
Chairman
of the
Policy and
Resources
Committee*

Deputy Tom Sleigh asked the Chairman of the Policy & Resources Committee a question concerning the perception of street crime in the City of London, noting specifically the impact of such a perception amongst potential international investors in the City.

The Chairman responded by noting his disappointment that the wider perception of London overseas may be beginning to undermine the City Corporation's substantial efforts to promote the capital. Security, both physical and economic, remained central to the Square Mile's offer as a leading global business district; the City of London was one of the safest business districts in the world thanks to the independent City of London Police Force. This was reflected in crime figures; phone snatching in the City had fallen by 30% between April and October compared with the same period in 2024 – a direct result of the launch of Operation Swipe, an extensive initiative designed to deter, detect, apprehend, and prevent. In addition, the City of London Police and its partners had intensified activity in key hotspots, delivering more than 6,300 additional visible patrol hours since April.

Within Greater London more broadly, Metropolitan Police data showed that overall crime so far this year was 2.4% lower than the previous year to date; for theft, which would include phone snatching, the fall was 6.5%. Safety had been woven into the Corporation's Destination City Programme, which was also working closely with the City Business Investment Unit. The Chairman said that greater efforts must be made to dispel these incorrect perceptions.

As a supplementary question, Mr Sleigh asked what the City Corporation was doing to partner with others across London to try to promote a better story about safety in the capital to investors.

In reply, the Chairman said that the City Corporation would continue to work closely with the GLA and other partners in an effort to dispel established negative narratives about London more broadly.

In response to a question from Tana Adkin on action against gender-based violence, the Chairman reiterated the City Corporation's 100% support for women in all aspects of life

Deputy Marianne Fredericks asked a supplementary question on the steps being taken to reduce the prevalence of graffiti across the Square Mile. The Chairman shared the frustration about graffiti and asked the Chairs of Port Health and Environmental Services and Planning and Transportation to refer this back to their committees. The Chairman of Policy and Resources responded with assurances that the relevant Chairs would be sure to note these frustrations.

(Deputy Helen Fentimen)**Corporate Parenting Strategy 2025 – 2028**

The Court received a Report concerning the Corporate Parenting Strategy 2025-2028 and the 2024/25 Corporate Parenting Annual Report

Resolved – that the Court noted the Report.

15.
Legislation

The Court received a report on measures introduced by Parliament which might have an effect on the services provided by the City Corporation as follows:-

Act**Renters' Rights Act 2025**

Changes the law about rented homes, including provision abolishing fixed term assured tenancies and assured shorthold tenancies; imposing obligations on landlords and others in relation to rented homes and temporary and supported accommodation.

Statutory Instruments**The Charities Act 2022 (Commencement No. 4 and Saving Provision) Regulations 2025**

Follows recommendations made by the Law Commission of England and Wales as to technical improvements that could be made to charity law. Provides a new power for charity trustees to make small ex gratia payments where there is a moral obligation to do so, but no legal power to do so. This power is exercisable without the need to seek authorisation from the Charity Commission, court or Attorney General where the legal tests are met. The maximum amount for an ex gratia payment made under the new powers is set by reference to the gross annual income of the charity in the previous financial year. Applies to many national institutions, including the Board of Governors of the Museum of London.

The Private International Law (Implementation of Agreements) Act 2020 (Extension of Operative Period) Regulations 2025

Extends for 5 years the existing arrangements for the implementation of international agreements where domestic legislation is required to ensure compliance with the terms of the agreement. Typical circumstances where this arrangement will apply include where states agree to apply the same public international law rules to ensure reciprocal treatment, avoid parallel legal proceedings and conflicting decisions for private litigants, and establish streamlined cross-border co-operation.

The Financial Services and Markets Act 2000 (Regulated Activities) (Amendment) Order 2025

This Order is one of the outputs of the Wholesale Markets Review. It gives the Financial Conduct Authority (FCA) a rule-making power to set the criteria that firms must use to determine whether they can trade in commodity derivatives and emissions allowances (including derivatives of those instruments) without having to be authorised as an investment firm by the FCA. Introduces a flexibility for the FCA to exclude firms from the scope of regulation where trading falls below a specific monetary value.

The Trade Act 2021 (Power to Implement International Trade Agreements) (Extension to Expiry) Regulations 2025

Relates to the power to implement International Trade Agreements that the UK signed. The original power, contained in the Trade Act, will expire. These Regulations extend for 5 years the duration of the existing powers implementing an international trade agreement to which the United Kingdom is a signatory and the European Union and other parties were signatories before the United Kingdom left the European Union. These Regulations relates to areas including the protection of human, animal or plant life or health; animal welfare; environmental protection; employment and labour; data protection and the protection of children and vulnerable adults online.
