Andrew,

I omitted to note specifically that I am a Councilman representing the Ward representing the area the application.

Dear Andrew,

Thank you for this. However I have to write to you to say that I consider this proposal to be most unwelcome both by myself and by the local residents and businesses in the immediate surrounding area. The proposed variation will, without doubt, increase unwelcome "late night / early morning" noise and disturbance to residents of the streets around the Cos Bar, as well as bringing with it the likelihood of increased litter and pavement fouling for City works distaste whilst en route to their offices in the early morning, and also placing a further burden on the Corporation's street cleansing provisions. The section of the City in which the Cos Bar is situated is a small "preserved area" of

historic interest which will be harmed by an increase in late night entertainment, making the area one in which it is less attractive to live or work.

For the above reasons the proposed extension should be refused.

Kind regards,

Nigel Challis
