Subject: Cos Bar

Dear Sirs

I understand the Cos bar has applied for a late licence for drinking and music. I own and reside in [REDACTED] St Andrews Hill, which is adjacent to the bar. Consequently all the residents will be greatly disturbed by noise associated with such a licence. The flats are not air conditioned and therefore windows have to be left open in summer which makes the noise unbearable. I would therefore like to register my strong objection to the application and I trust the authorities will respect the wishes of the local residents in this matter.

Yours

Graham Staples

Subject: Cos Bar Licence

Dear Mr Aznar

I have already submitted my objection to the extension to the Cos Bar's licence but I understand that other objections have been rejected because they did not include specific grounds for objections. I should therefore like to make it clear that as a resident of [REDACTED] St Andrew's Hill I shall be particularly affected by the noise associated with a late licence and live or recorded music. Noise in this small side street echoes very loudly. Our windows are single glazed because this is a listed building. The noise from the existing licences premises is already very loud, particularly at closing time around 10. If this was allowed to go on to 3 a.m. Nobody in this development would get any sleep. The noise is only one aspect of my objection. We will also be subjected to anti-social behaviour which you always get with late licences. There is no requirement for such an establishment in this area of the City and as both a resident and a worker here I hope the Corporation will take on board the extremely strong feelings of those of us who would have to suffer from this licence extension.

Yours

Graham Staples
