Dear Mr Aznar

Whilst I would have thought that the reasons for my objection were obvious, the specific grounds in relation to the licensing objectives are that the application will cause public nuisance and is likely to result in disorder in the area, making the lives of those living in 31-34 St Andrews Hill and other nearby residences intolerable. Moreover I understand that the record of those running the premises with regard to noise has not been unexceptionable on previous occasions.

Yours sincerely

Alan D Pink
