Main Report

Background

1. As a corporate body all decisions are vested in the Court of Common Council. To facilitate the administration of the City Corporation’s many and complex functions, the Court delegates the majority of its functions to its committees and officers. The committee terms of reference set out the functions

delegated to committees whilst the Scheme of Delegations sets out those functions which have been delegated to officers.

Scheme of Delegations

2. The Scheme of Delegations has recently been reviewed and a number of changes are proposed which on the whole reflect changing legislation, amendments to corporate policy and operational needs. A copy of the revised Chief Officer(s) delegations relevant to this Committee is attached as an appendix to this report.
3. A full copy of the Scheme is available for Members to view in the Members' Reading Room and is also available on request.

Director of the Built Environment

4. To enable certain City Corporation's functions and services to be better managed a number of organisational changes were agreed in 2011 which resulted in the creation of the Department of the Built Environment. The Scheme of Delegation now needs to be adjusted to take account of these changes. The proposed amendments to the functions delegated to the Director of the Built Environment are therefore more substantial in order to reflect this.
5. The Policy and Resources Committee are responsible for the review and co-ordination of the City Corporation's governance arrangements which includes amongst other things, committees and Standing Orders.

Standing Orders – Declaring Assets Surplus

6. The drive for efficiency savings including the Corporate Asset Realisation Programme and the more recent Service Based Reviews have highlighted the need for the City to more effectively identify those assets which are surplus to departmental need so they can be considered for alternative uses or disposal.
7. Whilst there are a number of officer groups considering the efficient and effective use of assets and resources it is felt that their work would be assisted by a change to Standing Orders which would formalise the process for Chief Officers and Committees identifying assets as surplus. It should be noted that prior to the approval of the Court, the Policy and Resources Committee have considered and approved adding the following with regard to this.

Standing Order No 55 - Identification of Property Assets Surplus to Departmental Requirements

(1) Committees are required to consider the effective and efficient use of all operational property assets. This will be monitored by the Corporate Asset Sub Committee

(2) Where assets are no longer required, in whole or in part, for the provision of operational services for which they are currently held, a report on

*the circumstances must be made to the Corporate Asset Sub Committee.
This does not apply where letting are an integral part of the service e.g.
market or housing tenancies*

Corporate & Strategic Implications

8. The proposed changes to the Scheme of Delegations and Standing Orders are intended to support the effective governance of the City of London and ensure that decision making is effective and transparent.
