### Summary

You receive two sample monitoring visit reports at each of your meetings. These are in addition to the two substantial monitoring reports you receive annually. One of these, a report reflecting on the monitoring and evaluation of "Working with Londoners" grants is included in today's meeting papers whilst a statistical monitoring report, also looking at the "Working with Londoners" programmes, was submitted to your July 2014 meeting.

Reports to this Committee are from visits to Age UK Richmond upon Thames, funded under your Older Londoners programme, and Whizz-Kidz, supported through your programme for Positive Transitions to Independent Living.

You support Age UK Richmond upon Thames to extend its services to a greater number of wards within the borough. This has helped the charity to reach a larger number of physically frail clients.

Your grant to Whizz-Kidz has enabled the charity to provide life-skills training for mobility-impaired young Londoners. Mr Ian Seaton took part in the meeting with Whizz-Kidz.

### Recommendation

That Members receive this report and note its contents.
