

CBT iL Recommended for Rejection (inc reasons) Landscape

The City Bridge Trust Committee - 25 September 2014

Summary of Recommendations for Rejection - Investing in Londoners

Ref & Organisation	Purpose	Reason for Recommendation for Rejection	Amount Requested	Grants Officer & Area
<u>Arts Apprenticeships</u>				
12426 Acts 29	Arts Apprenticeships.	The criteria for one of the apprentices requested is unreasonable in the skills and experience required. Free reserves held at end of March 2014 are extremely low and a cause for concern.	£4,000	CR Ealing
<i>Total Arts Apprenticeships (1 item)</i>			<u>£4,000</u>	
<u>Improving London's Environment</u>				
12224 Free Word	Our project supports the education of Londoners, in schools and public arenas, to engage with artists on the issue of climate change and sustainable living.	The proposed project is inadequately targeted at your specific priorities and comprises elements which you would not usually fund (e.g. a series of public talks). The principal beneficiary audience would be a small number of pupils in a single school.	£15,000	CR Islington
<i>Total Improving London's Environment (1 item)</i>			<u>£15,000</u>	

Ref & Organisation	Purpose	Reason for Recommendation for Rejection	Amount Requested	Grants Officer & Area
<u>Improving Londoners' Mental Health</u>				
12383 APASENTH	The project will provide advice, advocacy and awareness raising services and thus support children with learning and multiple disabilities.	A poorly presented proposal under your mental health programme but where the organisation is not a specialist provider of mental health services, as you require, nor does it state adequate outcomes for mental health work.	£90,000	CR Tower Hamlets
12382 Studio Upstairs	Towards the salaries costs of therapists / qualified professionals serving London wide beneficiaries	Proposal is similar to work previously funded but where the required fallow period has not elapsed. Targeting of the work at your stated priority groups is weak.	£125,000	CR Hackney
<i>Total Improving Londoners' Mental Health (2 items)</i>			<u>£215,000</u>	
<u>Making London More Inclusive</u>				
12385 Motability	To support 16-24 year olds in London to become mobile by helping with the cost of driving tuition, often in adapted vehicles.	Application is for funds to directly subsidise the cost to individuals of driving lessons and, as such, falls outside your priorities.	£30,000	CR Outside London
12398 PBC Foundation	We wish to run a self management workshop for PBC sufferers in London	A very small request from a national organisation based in Edinburgh and which could support the proposed activity from its free reserves.	£3,033	CR Outside London
<i>Total Making London More Inclusive (2 items)</i>			<u>£33,033</u>	

Ref & Organisation	Purpose	Reason for Recommendation for Rejection	Amount Requested	Grants Officer & Area
<u>Older Londoners</u>				
12259 Age UK Ealing (AUKE)	Weekly Chill Out sessions to provide a range of activities to help combat, isolation, stress and depression, including financial inclusion support and transport for accessibility.	The proposal is not sufficiently targeted at the 75 + age group. It is seeking - in part - a large capital grant towards the purchasing of a minibus, which is not within your area of interest.	£143,304	JXM Ealing
<i>Total Older Londoners (1 item)</i>			<u>£143,304</u>	
<u>Resettlement and Rehabilitation of Offenders</u>				
12249 Chaos Theory	to reduce serious violence/offending behaviour while enhancing the personal/social development of young adults to achieve and sustain improved outcomes through intensive support	The organisation has not been operating long enough to provide meaningful information on the impact of its work for the resettlement of offenders. Accounts for 2013/14 show a very low level of free reserves.	£136,986	CR Waltham Forest
12371 Osmani Trust	Contribution towards a Mentoring programme targeting Bangladeshi ex-offenders and their families that addresses multiple needs leading to enhancements in capabilities and reduction in reoffending	The organisation does not demonstrate that it has a sufficient track record in working with offenders to achieve significant outcomes with this target group.	£150,000	CR Tower Hamlets
<i>Total Resettlement and Rehabilitation of Offenders (2 items)</i>			<u>£286,986</u>	
Grand Totals (9 items)			£697,323
