Reports on Monitoring Visits	
Report of:	For Information
Chief Grants Officer	

Summary

You receive two sample monitoring visit reports at each of your meetings. These are in addition to the two substantial monitoring reports you receive annually. One of these, a report reflecting on the monitoring and evaluation of “Working with Londoners” grants was submitted to your September 2014 meeting whilst a statistical monitoring report, also looking at the “Working with Londoners” programmes, was submitted to your July 2014 meeting.

Reports to this Committee are from visits to Disability Action in Islington, funded under your programme for Positive Transitions to Independent Living, and Integrated Neurological Services, supported through your Older Londoners programme.

You supported Disability Action in Islington to assist people live more independent lives through better management of personal budgets.

Your grant to Integrated Neurological Services has provided occupational therapy to older people with a range of neurological conditions. Deputy Billy Dove has visited Integrated Neurological Services on behalf of City Bridge Trust in the past.
