### **Main Report**

#### **Background**

1. The Corporate Parenting Annual Report 2014/15 provides Members with an overview of the City Corporation's role as a corporate parent, and the outcomes that have been achieved for the children in our care. As a corporate parent the City has a moral and legal duty to provide support, care and encouragement to the children and young people we look after to help them reach their full potential.
2. The annual report is being presenting to Members of the Safeguarding Sub Committee, in its role as the Corporate Parenting Board, to enable scrutiny of the performance of the City Corporation in this role.

## **Current Position**

3. The annual report provides an overview of the profile of the children in our care, and reports on the City's performance in meeting key measures of health and wellbeing, and providing stable, quality foster homes for our children to be cared in. It sets out the actions taken to safeguard children from harm, and the work undertaken to support children to maximise their educational attainment or their engagement with training and employment.
4. The report also reflects the strong oversight of the corporate parenting role through the Safeguarding Sub Committee, which acts as the City's Corporate Parenting Board. This role has been supported by development sessions for Members, to highlight their roles and responsibilities, and the development and approval of a new Corporate Parenting Strategy.
5. The City's support for the children in our care is strong. Statistical measures of performance are better than those reported nationally, or by local authorities considered to be our statistical neighbours. However, the City continues to strive to improve, and the report sets out a number of areas for development and priorities to be delivered in 2015/16.

## **Corporate & Strategic Implications**

6. The City's role in supporting children in our care to achieve their full potential contributes to the fulfilment of the priorities of the Department of Community and Children's Services Business Plan, the Children and Young People's Plan and the Corporate Parenting Strategy.

## **Conclusion**

7. The City of London continues to deliver a strong corporate parenting role that is helping the children and young in our care to thrive.
