**Summary of Recommendations for Rejection - Investing in Londoners**

<b>Ref &amp; Organisation</b>	<b>Purpose</b>	<b>Reason for Recommendation for Rejection</b>	<b>Amount Requested</b>	<b>Grants Officer &amp; Area</b>
<b><u>English for Speakers of Other Languages</u></b>				
12983 Acknowledging Youths CIC	Delivery of English Language Courses - English for Speaker of Other Languages (ESOL)	Proposal does not meet your criteria for this programme area. The application is for work with 18-24 year olds (who are not the focus of your funds) and is more focused on career development (employment outcomes).	£144,631	CR Westminster
12924 Indoamerican Refugee and Migrant Organisation (IRMO)	Our English for Work project provides free ESOL and IT classes and employment support to un- and underemployed adults to improve job prospects and integration.	Much of this proposal falls outside your particular focus under this programme and includes several activities (eg IT classes) which you do not fund.	£58,551	CR Lambeth
12926 Significant Seams CIC	English language tuition and wider support for isolated women across ethnic communities in Walthamstow, through a combination of classroom, sewing circle, and family learning environments.	Request from a small organisation where the grant, if awarded, would be significantly greater than 50% of the organisation's income.	£99,894	CR Waltham Forest
12950 Somali Education Centre	Improve English language for working age group from Somali Community and other Ethnic Minority group	Annual sum requested is equivalent to organisation's annual turnover and includes a considerable proportion for "incentives for students". ESOL for adults is not a current strand of the organisation's work, given that it is mostly youth focused.	£29,180	CR Islington

<b><u>Improving Londoners' Mental Health</u></b>				
12981 Islington Mind	Expanding and developing Islington Mind's LGBT service to a pan London service, responding to the needs of vulnerable LGBT clients (Asylum seekers, refugees and Trans)	The application is for very specialised work but it is not clear from the application that the organisation has the specialist skills required for delivery or at the scale proposed. There is no evidence of consultation with or knowledge of other providers in the field.	£95,078	JNM Islington
12975 Mind in Harrow	To increase (i) access to and (ii) appropriateness of Mind in Harrow's mental health services so we reach 275 more LGBT/refugee/asylum-seekers who experience disproportionate mental health problems.	This proposal is to improve the applicant's competence to cater for asylum seeker/refugees and the LGBT community. However, interventions to meet the needs of the former are already funded (by at least seven other funders), and interventions addressing the LGBT community are not substantial, while effectively this request to the Trust is for core funding.	£65,163	TB Harrow
12769 National Survivor User Network	To strengthen networking and mutual support between people with lived experience of mental distress across London, improving mental health and reducing risk of harm.	The application offers little evidence on meeting the Trust's specific priorities under this programme. The main thrust of the proposal is to develop and deliver local networking activities and events; and other activities which were inadequately focussed on meeting the Trust's outcomes.	£75,000	SFJ Lambeth
<i>Total Improving Londoners' Mental Health (3 items)</i>			<u>£235,241</u>

<b><u>Making London More Inclusive</u></b>				
12945 St Paul's Church Covent Garden	To install a universally accessible toilet in the foyer of the church, to improve accessible provision.	Despite having an independent access audit which made several recommendations, this application is solely to provide an accessible toilet and does not reassure your officer of a genuine commitment to disability access. The organisation has sufficient free reserves to self-fund.	£30,000	CR Westminster
12922 Westway Community Transport	Purchase of 2 wheelchair accessible minibuses with Euro VI engines to cope with increased demand following the demise of Hammersmith & Fulham CT in 2014.	Request is for funding towards 2 new minibuses, which fall outside your priorities. The previous grant made was to enable them to become self-sustaining, including for the replacement of vehicles.	£100,000	CR Kensington & Chelsea
<i>Total Making London More Inclusive (2 items)</i>			<u>£130,000</u>	
<b><u>Older Londoners</u></b>				
12968 Holy Mission Guru Nanak	Our Project aims to give older people (over 75s) access to services to improve physical, emotional, social & nutritional wellbeing.	A poor application with conflicting information and where the likely outputs do not warrant the funding of the full time post requested. Reporting on a previous grant was late.	£154,494	TB Barnet
<i>Total Older Londoners (1 item)</i>			<u>£154,494</u>

<b><u>Resettlement and Rehabilitation of Offenders</u></b>				
12914 Black Police Association Charitable Trust	Deliver nine 8 week challenging reoffending programmes for 72 young offenders, linked to pathways to employment, training, apprenticeships and implementing a shadowing programme for ex/offenders.	The organisation has a history of operational, financial, deficits and currently has a low level of free reserves. The application was incomplete; some of the figures contradictory; and the proposal insufficiently addresses your particular criteria/outcomes and has some statutory overlaps.	£89,611	TB Hackney
<i>Total Resettlement and Rehabilitation of Offenders (1 item)</i>			<u>£89,611</u>	
<b>Grand Totals (11 items)</b>			<b>£941,602</b>
