

Committee	Date:
The City Bridge Trust Committee	14 July 2016
Subject: Withdrawn & Lapsed applications	Public
Report of: Chief Grants Officer	For Information

Summary

This report informs Members of applications received which subsequently have been withdrawn by the applicant, or lapsed due to the absence of the information required to undertake a full assessment.

Recommendation

Members are asked to:

- Receive this report and note its contents

Main Report

Organisation

Purpose of Request

Withdrawn Applications:

East London Advanced Technology Training

The purpose of this capital project is to develop and modify ELATT's Hackney learning centre so that it meets the needs of people with disabilities. - Following discussions with your officer around an unusual leasehold arrangement, the applicant has decided to withdraw this application.

English Folk Dance & Song Society

To install hearing loop technology in our public spaces/halls and to pilot a programme of accessible events. - The charity wishes to submit a proposal which is more of a match to your criteria and so has withdrawn this application.

Parish Church of St John the Baptist, Epping

We are applying for funds to create accessibility through disabled access, toilet facilities including disabled toilets, and a lift. - Application was for access work to an entirely new building, which is outside your policy.

Spinal Injuries Association

To offer clinical advocacy to all spinal cord injured Londoners to improve the quality of care they

receive when admitted to hospital. - The project presented problems as regards general eligibility and match to the programme's outcomes. Your officers advised the organisation to withdraw this application so that a more suitable proposal is submitted at a later stage.

Somerset House Trust

To produce an access audit of New Wing, enabling us to apply for funding to improve disabled access at Somerset House. - Organisation now intends to commission an audit from its own reserves.

Federation of Refugees from Vietnam in Lewisham

Promote a healthy lifestyle, access to equality of choices and take more control of their lives through essential advices and support. - The organisation has withdrawn the application after discussion with your officer.

Marie Curie

To provide occupational therapy at the Hampstead Hospice to help patients rehabilitation - enabling them to be able to return home and complete certain tasks. - The proposal did not meet eligibility criteria as it is for a service for which statutory funds are available. Other aspects of the work of the Hospice fit your criteria better and the applicant might lodge a new application at a later date.

Tamil Relief Centre

To encourage, empower and improve the physical, social, financial and mental well-being of older people (75+) in Enfield and the surrounding boroughs - The proposal does not target, sufficiently, those aged 75+. The organisation wishes, instead, to consider applying for a different project.

John Carr's Charity

To increase the impact of and ensure the effective running of the debt advice centre. - Application has been withdrawn whilst the organisation develops a robust fundraising strategy which ensures that any funding from CBT is less than 50% of turnover.

Migrants Resource Centre

To address food and fuel poverty in Westminster through provision of specialist advice services at foodbanks and community venues. - Proposal withdrawn as the organisation is intending to merge with another charity.

Royal Statistical Society

To fund the Project Officer post who will develop the delivery of the pro bono service being offered by the Society to the charity sector.- While the proposal had potential to be of great benefit to London charities, the applicant has withdrawn this request to conduct market research to more robustly evidence likely demand and inform a model of delivery that would best respond to this demand.

Lapsed Applications

None
