| Health and Wellbeing Board | 25/11/2016 |
| Subject: Joint Health and Wellbeing Strategy - Draft | Public |
| Report of: Ade Adetosoye – Director of Department of Community and Children’s Services | For Decision |
| Report author: Poppy Middlemiss – Strategy Officer (health and children) | |

Summary

This report outlines the development of the draft City of London Joint Health and Wellbeing Strategy, which is required of local authorities by the Health and Social Care Act 2012.

The draft strategy sets out the City of London Health and Wellbeing Board’s commitment to improving the health of City residents, workers and rough sleepers. The proposed priorities are;

- Priority 1: Good mental health for all
- Priority 2: A healthy urban environment
- Priority 3: Effective health and social care integration
- Priority 4: Children have the best start in life
- Priority 5: Promoting healthy behaviours

Recommendation(s)

Members of the Health and Wellbeing Board are asked to:

- Note and endorse the report for public consultation

Main Report

Background

1. The Health and Social Care Act 2012 requires Health and Wellbeing Boards to produce a Joint Strategic Needs Assessment (JSNA) and Joint Health and Wellbeing Strategy (JHWS).
2. Although local authorities are required to provide certain mandated public health functions under the Act, such as the National Child Measurement Programme, the majority of public health functions are non-mandated, and levels of provision must be determined locally, according to need.

3. The *City and Hackney Joint Strategic Needs Assessment* and the *JSNA City Supplement* pull together data from a range of sources to describe the health needs of the different population groups in the City, and make a number of key recommendations for service provision based on the level of need. JSNA findings form the evidence base for this strategy and enable us to understand the particular health problems faced by people in the Square Mile.
4. The strategy also draws upon existing local strategies and plans, such as the City Corporation's Corporate Strategy and the CCG's strategic vision. There has been consultation with a range of stakeholders, including a series of local events and engagement with residents and workers in the City of London, which have been used to shape the priorities within this strategy.

Proposals

5. The JHWS is intended to cover the three year period from 2017/18 to 2020/21 . The strategy will be refreshed annually to reflect the changes that have taken place over the year, and to ensure the City is compliant with its statutory obligations. Formal public consultation will be undertaken from the period November 2016 to January 2017.
6. The strategy identifies the following priorities to improve health and wellbeing in the City of London:
 - Priority 1: Good mental health for all
 - Priority 2: A healthy urban environment
 - Priority 3: Effective health and social care integration
 - Priority 4: Children have the best start in life
 - Priority 5: Promoting healthy behaviours
7. They provide a more rationalised list under which the priorities and actions carried forward from the last strategy and the needs identified by the JSNA sit.
8. An accompanying action plan with key performance indicators for specific areas under each priority will be developed and the Health and Wellbeing Board will monitor the progress of indicators every 6 months.
9. This strategy is not a stand-alone document and will support and offer direction to a number of complimentary strategies which focus on specific areas of improving health and wellbeing in the City. These include the strategies listed below:
 - CCG Commissioning Strategy
 - Mental Health Strategy
 - Children and Young People's Plan
 - Homelessness Strategy
 - Carers' Strategy
 - Air quality Strategy
 - Noise Strategy
 - Suicide Prevention Action Plan

Corporate & Strategic Implications

10. Once the Joint Health and Wellbeing Strategy is signed off, it will support the City of London Corporate Plan's aiming to provide modern, efficient and high quality local services within the Square Mile for workers, residents and visitors and to provide valued services, such as education, employment, culture and leisure, to London and the nation.
11. It also supports the following priority from the Department of Community and Children's Services Business Plan: Priority Two – Health and Wellbeing: Promoting the health and well-being of all City residents and workers and improving access to health services in the square mile.

Implications

12. The Joint Health and Wellbeing Strategy is a statutory document

Health Implications

13. The Joint Health and Wellbeing Strategy will have a positive impact on health and wellbeing in the City of London.

Conclusion

14. The City of London has a statutory requirement to produce a Joint Health and Wellbeing Strategy which outlines commitment to improving the health of City residents, workers and rough sleepers.
15. Health and Wellbeing Board Members are asked to note and endorse the report for public consultation.
