## Guidelines

The following guidelines will be observed when assessing applications:

- (a) Grants will be given to organisations rather than individuals;
- (b) Under the second object, assistance will be given to organisations having education as an objective or which seek to sponsor the pursuit of further and higher education;
- (c) The applicant must demonstrate **either**: -
  - a sufficiently strong connection with the City of London; for example, that the applicant's beneficiaries are City residents or workers; **or that**
  - the funding will support charitable activity having special nationwide significance or impact.
- (d) Preference will be given to applications for grants to actively further the organisation's objects through its activities, rather than for core costs such as employee salaries etc.; and
- (e) It is unlikely that grants would be made to organisations –
  - already in receipt of financial support through the London Councils' London-wide Grants Scheme and/or the local grants to voluntary organisations scheme,
  - which have historically received a large proportion of their funding from central government or other local government sources, and
  - that have received a grant for similar activities from the City Bridge Trust, the grant-giving arm of the City of London Corporation's charity, Bridge House Estates [1035628] .

NB: The above are 'guidelines' only and the CoLC retains total discretion as to whether an

application falling outside the guidelines but within the charity's objects is supported.

## **Application Procedures**

### **1. How do you apply for a grant?**

To apply for a City of London Corporation ("CoLC") grant you will need to complete an online application form by the corresponding deadline and submit this electronically with your supporting documents to the CoLC Central Grants Unit.

You should send your application to us well before the stated deadline to allow us to process your application in time. We will only consider one application from your organisation at any one time.

All application forms should be completed through the online CoLC Central Grants web portal. Application forms in large print, Braille or audio tape are available to applicants by special request.

### **2. How are applications assessed?**

Once the CoLC has received your online application and all supporting documents it will be passed to one of the Grant Officers for assessment. As part of this process a Grants Officer may contact you for more information.

We will acknowledge receipt of your application within 10 working days of it being received. If your application is not complete it will be returned to you and you will have a further 10 working days to send us the missing information.

A Grants Officer may also arrange to visit you or your organisation as part of the assessment process. Once a full assessment has been completed your request will be referred to the decision-making Committee.

The timescale to process your application will vary; however, we will endeavour to assess your application within 12 weeks of the closing date. You should take account of this when planning your project.

### **3. How do we monitor and evaluate grant recipients once an award has been made?**

If we award a grant to your organisation we will need you to complete an 'end of grant' monitoring report to confirm how the grant has been spent and what you achieved. Please make sure that you keep receipts for all the items or services you buy with the grant and that you keep them somewhere safe as we may ask you to provide them.

We may also visit you to check how the grant has been spent.

Please keep us up to date if your project or any of your contact details change at any stage during the period of your grant.

#### **4. If your grant application is successful**

If your application is successful, an initial offer letter detailing the level of grant awarded will be issued. This may contain special conditions relating to the grant award or pre-agreement grant conditions.

Grant acceptance terms and conditions will be subsequently issued which should be signed and returned within 20 working days.

Once all documentation has been received and approved you would be asked to formally request payment of your grant award.

#### **5. If your grant application is unsuccessful**

Unfortunately, due to the limited budget available and the number of applications for funding we receive, the CoLC cannot provide funding to every applicant that applies for a grant. Grants are therefore awarded on a discretionary basis, there is no appeal process and the decision of the CoLC is final.

#### **6. Support with your application**

We urge all applicants that are unsure about whether to submit an application to read all available eligibility criteria on our website and attend one of our Grant Officer led workshops; dates for which will be publicised on our website throughout the year.

If you have an enquiry that is not covered within the online guidance, please contact the Grants Unit directly, who will be able provide answers to general queries regarding the application process.

#### **7. Can you reapply for funding?**

New applications will not normally be considered from a recipient of a grant within a three year period.
